young children include: not responding to their name; avoiding eye contact; not smiling when you smile at them; getting very upset if they do not like a certain taste, smell or sound; repetitive movements, such as flapping their hands, flicking their fingers or rocking their body

Signs of autism in children - NHS

Autism in women and men. Autism can sometimes be different in women and men. For example, autistic women may be quieter, may hide their feelings and may appear to cope better with social situations. This means it can be harder to tell you're autistic if you're a woman.

Signs of autism in adults - NHS

Autism is a spectrum condition and affects people in different ways. Like all people, autistic people have their own
