It's disappointing that there's no convenient menu that lets you just browse freebies. Instead, you have to

search for your preferred genre, plus the word 'free' (free science fiction, or free history, for example). It works well enough once you know about it, but it's not immediately obvious.

.

introduction to analysis steven lay 5th - What to say and what to do following mostly your contacts adore reading? Are you the one that don't have such hobby?
