A fascinating portrait of country life across the centuries, as told by Britain's greatest diarists The unique beauty of the British countryside has been celebrated down the ages in music, poetry, and art. It has also been celebrated in countless private diaries. This delightful treasury gathers together the very finest—from Rev. Gilbert White's journal of life at his famous home in Selborne to Beatrix Potter's holiday diaries from Perthshire. Elsewhere, the thoughts of Dorothy Wordsworth and John Fowles rub shoulders with the words of Queen Victoria, Siegfried Sassoon, and Roger Deakin. Together, these private records, which have been arranged as a diary of the calendar year, paint a rich and surprising portrait of both a landscape and a way of life. In an age of easily deleted e-mails and text-messages, a diary provides permanency in a person's life. A well-kept diary contains interesting facts, personal insights, and fascinating bits of information, while actual handwriting provides familiarity missing in typed copy. Diaries provide excellent opportunities for children to practice their writing skills. As years pass, a diary grows in value, and is often used to verify dates or settle questions. The diaries are designed with a date at the top of each page. Each day consists of one full page. A Bible verse appears on each page of the diary, while in the back of each book, you will find an appendix for recording specific information. Have you ever wondered what a goat was thinking? He fears for their lives and makes it his mission to protect his ass from whatever heinous plans the new Humans have for them. Follow Nigel's musings as he goes from fear to anger and just basically stays angry. our own lives can be hard. Success is often measured in tangible ways, and as we strive to achieve more and get more, we forget that it's often the simple things that can bring us the most joy. After reading about how expressing gratitude for the little things can be incredibly powerful and affect our lives in profound ways, Janice Kaplan decided to spend a year living gratefully and find out whether being grateful really does offer a new path to happiness. Her experiences of living gratefully will be anchored by intriguing research findings, as well as in-depth interviews with real people, those in public life, and neuroscientists and experts in the field, including Dr Martin Seligman and Dr Robert Emmons, the world's leading scientific expert on gratitude. Recounted with warmth and humour, this story-filled memoir will inspire readers to reflect on the true meaning of gratitude, and provide them with a structure and context for making significant changes in every aspect of their lives. For not only can gratitude make you more honest, courageous and generous; research has shown that it can also improve overall health and reduce stress and depression.

The most famous diarist of all - Samuel Pepys - is there, as well as some of today's finest diarists like Alan Bennett and Chris Mullin. An extraordinary illustrated chronicle of 2020 that captures this indelible year in America in all its tragic, surreal, epic, and (sometimes) comedic intensity. Artist Elise Engler set herself a task five years ago: to illustrate the first headline she heard on her bedside radio every morning. The idea was to create a pictorial record of one year of listening to the news. But when Donald Trump was elected, the headlines turned too wild for her to stop the experiment. Then 2020 happened. Was there ever such a year? Headlines about the death of Kobe Bryant and Donald Trump's impeachment began to give way to news of a mysterious virus in China, and Engler's pages were quickly filled with the march of COVID-19: schools closing their doors, hospitals overflowing, graveyards full to capacity. Day by day, Engler drew every shocking turn of the year: the police murder of George Floyd and protests around the globe; a war against science and those who preached it; fires consuming California; a vicious election, absurdly contested. Other stories appeared, too: "Harvey Weinstein Sentenced," "Ruth Bader Ginsburg Hospitalized," "China Extends Control over Hong Kong," and—on repeat—"Stock Market Plunges." The result is a powerful visual record of an unprecedented time, collected in A Diary of the Plague Year, which follows the headlines from the first appearance of the coronavirus to the inauguration of President Joe Biden. Made in real time, Engler's vibrant, immediate images recapture what it was like to live through 2020, bringing texture, feeling, and even charm to what we might not remember and what we will never forget. A SUNDAY TIMES NATURE BOOK OF THE YEAR A nature diary by award-winning novelist, nature writer and hit podcaster Melissa Harrison, following her journey from urban south London to the rural Suffolk countryside. 'A writer of great gifts.' Robert Macfarlane 'The journal of a writer to compare to Thomas Hardy. Melissa Harrison is among our most celebrated nature writers.' John Carey, *The Times* A Londoner for over twenty years, moving from flat to Tube to air-conditioned office, Melissa Harrison knew what it was to be insulated from the seasons. Adopting a dog and going on daily walks helped reconnect her with the cycle of the year and the quiet richness of nature all around her: swifts nesting in a nearby church; ivy-leaved toadflax growing out of brick walls; the first blackbird's song; an exhilarating glimpse of a hobby over Tooting Common. Moving from scrappy city verges to ancient, rural Suffolk, where Harrison eventually relocates, this diary - compiled from her beloved Nature Notebook column in *The Times* - maps her joyful engagement with the natural world and demonstrates how we must first learn to see, and then act to preserve, the beauty we have on our doorsteps - no matter where we live. A perceptive and powerful call-to-arms written in mesmerising prose, *The Stubborn Light of Things* confirms Harrison as a central voice in British nature writing. A blue-covered edition of the classic journal devotes a page to every day of a five-year time span and features illustrations by an artist whose work is regularly featured in *The New York Times*, in a volume that is complemented by a red ribbon bookmark and additional pages for recording literary and travel experiences.

The best-selling illustrated desk diary from the RHS. Elena's discovers her exciting new boyfriend is actually a vampire. Andy Angus has been living a quiet life in the country as a Domestic God to his partner Thomas for the past decade. They're happy, settled, insular and pretty much friendless. 2010 is fast approaching, and Andy plans to propose to Thomas on their anniversary in front of his family. But his plans are scuppered when his aunt collapses and becomes seriously ill in the same week he discovers Thomas dogging. With no real friend to turn to, Andy finds himself single, lost and half the man he once was. During an uncomfortable time back in his teenage bed, he receives an invite to a long-lost friend's wedding. Andy believes moving back to Edinburgh to be with his old pal (the groom-to-be) Ryan is the perfect reboot to erase the wasted years and start over. But life has

changed since he left for love in the country: the age of consent for homosexual men has dropped, sex apps are free and easy, social media is on the rise, and Andy is now thirty-five years old, but no wiser. Even gentle Ryan has become acerbic and is marrying a man Andy detests. Using his diary to document and reflect on his journey, Andy records a year of sexual experimentation and misadventure, unexpected friendships, loneliness and longing, and the depths he hits to have someone, nay anyone, to fill that void next to him in bed ... even for just a few hours of the night.
