So, in the interest of students with Anthropology as an optional we have worked hard to give information in a manner which can help you in writing answers in that manner. This book gives you answer to each question asked since 2010 to 2019 by using previous year question papers of anthropology. I sincerely believe that this approach will add to your preparation on anthropology and it will supplement your available study materials through the dynamic content of our answers. The language used in the book is simple and tries to build anthropological approach in the views and answer writing of students; helping students with non-anthropological background to develop anthropological views. I thank Team ARSu for improving the quality and reach of the book significantly. Special Features: Detailed answers for Civil Services (Main) Examination (ANTHROPOLOGY 2010-2019). Macaulay's Minute, English has been intrinsically linked with the employment prospects of Indians. During their regime, the British promoted English education to fulfil the requirement of English-knowing Indians for administrative purposes. Owing to globalization, the last few years have witnessed the opening up of thousands of lucrative job opportunities for graduates proficient in English. English has gained importance in India as the language of opportunities. In colonial India, English education was a passport to government jobs, while in the twenty-first century, proficiency in English is essential for private sector jobs. This book examines

the development of curricula in English in Indian universities vis-a-vis the needs of second language learners studying in Special English programmes of Bachelor of Arts (BA). It also reflects on how globalization has strengthened the connection between English and employment.
