Titanic and Liverpool Dec 09 2020 If you had been behind the Titanic on that fateful night in 1912, the last word that flashed before your eyes as the great ship was lost to the sea would have been 'Liverpool'. The ship's loss, a national and international tragedy, was also a tragedy for its home port and this fascinating book explores the history and myths surrounding the sinking, highlighting for the first time new and extraordinary stories that link Europe's pre-eminent port and its most famous maritime loss. Using material from the White Star line archives, the extensive holdings of the Merseyside Maritime Museum, new illustrations and a variety of historical sources, Scarth unearths the full back story of key characters and companies: many of her key officers and crew were either from Liverpool or had strong links with the port, the ship's owners were based in the City, many of the most colourful tales emerging from the disaster relate to Liverpool people and here, where appropriate, we find out what happened to them after the sinking. Titanic and Liverpool will be compulsory reading for anyone interested in the Titanic and also for anyone hoping to understand Liverpool's role as the great processing port of Europe and gateway to the US and Canada.

Shadow of the Titanic Aug 29 2022 IN the early morning hours of April 15, 1912, the icy waters of the North Atlantic reverberated with the desperate screams of more than 1,500 men, women, and children—passengers of the once majestic liner Titanic. Then, as the ship sank to the ocean floor and the passengers slowly died from hypothermia, an even more awful silence settled over the sea. The sights and sounds of that night would haunt each of the vessel's 705 survivors for the rest of their days. Although we think we know the story of Titanic—the famously luxurious and supposedly unsinkable ship that struck an iceberg on its maiden voyage from Britain to America—very little has been written about what happened to the survivors after the tragedy. How did they cope in the aftermath of this horrific event? How did they come to remember that night, a disaster that has been likened to the destruction of a small town? Drawing on a wealth of previously unpublished letters,

memoirs, and diaries as well as interviews with survivors' family members, award-winning journalist and author Andrew Wilson reveals how some used their experience to propel themselves on to fame, while others were so racked with guilt they spent the rest of their lives under the Titanic's shadow. Some reputations were destroyed, and some survivors were so psychologically damaged that they took their own lives in the years that followed. Andrew Wilson brings to life the colorful voices of many of those who lived to tell the tale, from famous survivors like Madeleine Astor (who became a bride, a widow, an heiress, and a mother all within a year), Lady Duff Gordon, and White Star Line chairman J. Bruce Ismay, to lesser known second- and third-class passengers such as the Navratil brothers—who were traveling under assumed names because they were being abducted by their father. Today, one hundred years after that fateful voyage, *Shadow of the Titanic* adds an important new dimension to our understanding of this enduringly fascinating story.

A Night to Remember Jan 10 2021 #1 New York Times Bestseller: The definitive book on the sinking of the Titanic, based on interviews with survivors, by the author of The Miracle of Dunkirk. At first, no one but the lookout recognized the sound. Passengers described it as the impact of a heavy wave, a scraping noise, or the tearing of a long calico strip. In fact, it was the sound of the world's most famous ocean liner striking an iceberg, and it served as the death knell for 1,500 souls. In the next two hours and forty minutes, the maiden voyage of the Titanic became one of history's worst maritime accidents. As the ship's deck slipped closer to the icy waterline, women pleaded with their husbands to join them on lifeboats. Men changed into their evening clothes to meet death with dignity. And in steerage, hundreds fought bitterly against certain death. At 2:15 a.m. the ship's band played "Autumn." Five minutes later, the Titanic was gone. Based on interviews with sixty-three survivors, Lord's moment-by-moment account is among the finest books written about one of the twentieth century's bleakest nights.

Valora Luck has two things: a ticket for the biggest and most luxurious ocean liner in the world, and a dream of leaving England behind and making a life for herself as a circus performer in New York. Much to her surprise though, she's turned away at the gangway; apparently, Chinese people aren't allowed into America. But Val has to get on that ship. Her twin brother Jamie, who has spent two long years at sea, is there, as is an influential circus owner, whom Val hopes to audition for. Thankfully, there's not much a trained acrobat like Val can't overcome when she puts her mind to it. As a stowaway, Val should keep her head down and stay out of sight. But the clock is ticking and she has just seven days as the ship makes its way across the Atlantic to find Jamie, perform for the circus owner, and convince him to help get them both into America. Then one night the unthinkable happens, and suddenly Val's dreams of a new life are crushed under the weight of the only thing that matters: survival.

The Ship of Dreams Oct 19 2021 This original and "meticulously researched retelling of history's most infamous voyage" (Denise Kiernan, *New York Times* bestselling author) uses the sinking of the Titanic as a prism through which to examine the end of the Edwardian era and the seismic shift modernity brought to the Western world. "While there are many Titanic books, this is one readers will consider a favorite" (Voyage). In April 1912, six notable people were among those privileged to experience the height of luxury—first class passage on "the ship of dreams," the RMS Titanic: Lucy Leslie, Countess of Rothes; son of the British Empire Tommy Andrews; American captain of industry John Thayer and his son Jack; Jewish-American immigrant Ida Straus; and American model and movie star Dorothy Gibson. Within a week of setting sail, they were all caught up in the horrifying disaster of the Titanic's sinking, one of the biggest news stories of the century. Today, we can see their stories and the Titanic's voyage as the beginning of the end of the established hierarchy of the Edwardian era. Writing in his signature elegant prose and using previously unpublished sources, deck plans, journal entries, and surviving artifacts, Gareth Russell peers through the portholes of these first-class travelers to immerse us in a time of unprecedented change in British and American history. Through their intertwining lives, he examines social, technological, political, and economic forces such as the nuances of the British class system, the explosion of competition in the shipping trade, the birth of the movie industry, the Irish Home Rule Crisis, and the Jewish-American immigrant experience while also recounting their intimate stories of bravery, tragedy, and selflessness. Lavishly illustrated with color and black and white photographs, this is "a beautiful requiem" (*The Wall Street Journal*) in which "readers get the story of this particular floating Tower of Babel in riveting detail, and with all the wider context

they could want” (Christian Science Monitor).

The Titanic Feb 29 2020 "3 story paths, 35 choices, 15 endings"--Cover.

Titanic 100th Anniversary Edition Oct 26 2019 In a night of unforgettable tragedy, the world's most famous liner struck an iceberg on 14 April 1912 and sank. Over 1500 people died. Whose fault it was, and how the passengers and crew reacted, has been the subject of continuing dispute over the 100 years since the disaster. This is an account of Titanic's tragic maiden voyage which also focuses on some of those who died: among them Titanic's captain Edward Smith and builder Thomas Andrews, John Jacob Astor, the richest man on board, and the bandmaster, Wallace Hartley, who played as the ship sank. In this centenary edition Stephanie Barczewski traces the events of that fatal night. Many of those who died were treated as heroes and how these men were remembered says much about contemporary values of manhood, chivalry and national pride. **Titanic: A Night Remembered** also sets the liner in the context of three ports: Belfast, where she was built; Southampton, which lost 600 citizens as members of her crew; and Queenstown in Ireland, her last port of call.

Disaster on the Titanic (Ranger in Time #9) Dec 29 2019 Ranger, the time-traveling golden retriever with search-and-rescue training, finds himself in 1912... on board the Titanic!

A Suitcase from the Titanic Jul 16 2021 The main character in the book wrote to his friend: "Josey, I'm embarking on the biggest steamship in the world, but I don't feel any pride, because at this moment I wish the `Titanic' were submerged at the bottom of the sea..." In his "A Case from the Titanic" author Enrique Dick takes us into a whirlwind of family history, Samuel and Annie Andrew arrive from Whitby, Yorkshire, England, to the vast pampas of Argentina, near the end of the nineteenth century. There Samuel is hired to administer one of the huge ranches of Ambrosio Olmos, a wealthy farmer in Córdoba. There in those fields without end, the Andrew family grows. Silvano Alfredo, Isabel, Wilfred, Ethel, Hilda, William and Edgar are born and raised. Eventually all of them will have their share of love, adventure and tragedy. Told by Enrique Dick, this book is based entirely on his family's real life events; in the pages about Argentina we learn about life at the "estancia", the pride and joy of Ambrosio Olmos, a colourful figure of Argentina. As the years pass, the Andrew and Olmos families share more than just the relationship between owner and manager. Upon the untimely deaths of both Ambrosio Olmos and Samuel Andrew in 1906, Samuel's son Wilfred, a mere lad of twenty is hired by Olmos' widow, Mrs. Adelia María Harilaos to take over his father's administration of the ranch. Four of the seven brothers travel to England to study and meet their British relatives. Sooner or later most of them will return to their beloved land across the sea. Meantime, Wilfred confronts the maladies of running a huge ranch. Drought, hungry locusts, unruly gauchos and discontented tenants make his life difficult. Silvano, already a sailor navy officer, travels the seven seas aboard legendary Argentine navy ships. In 1911, as part of the Argentine naval legation, Silvano is involved in the construction of two famous battleships, the "Rivadavia" and the "Moreno," built in US Naval yards. While in the US, Silvano meets and falls in love with a winsome millionaire widow, Harriet Fisher. Silvano and Harriet set a date to be married. Jubilant, Silvano invites his brother Edgar, who is studying in Bournemouth, England, to attend the wedding. While in England, Edgar misses Josey, his friend in Argentina. When his brother's request arrives, Edgar has mixed feelings, Josey was about to arrive in England to take up her studies, and he was looking forward to meeting her there and to woo her. He consoles himself with the thought that he will be able to share a few days of joy with Josey before he sails for America. But fate intervened. The White Star Lines ship, the "Olympic", that Edgar is booked on, is stalled by lack of coal due to a strike. His ticket is transferred and made good for earlier sailing on the "Titanic". Lugging his small suitcase full of books, papers, postcards and family letters, Edgar posts his last letter to Josey explaining that his forced earlier departure on the Titanic will keep them apart. Time passes slowly as the Andrew family learns and accepts Edgar's fate. Eventually Edgar's sister, Ethel also visits their ancestral land and there studies in a young ladies school in Whitby learning to paint, embroider and sew will eventually becoming a confidant of her remaining brothers and a

lady on her own right. Throughout the book an omniscient character is the coal of Cardiff, which changes destiny not only when becoming steam to propel the Rivadavia and the Moreno battleships when they travel to Argentina with Silvano aboard the Moreno, but also since the lack of coal for Edgar's intended ship places him aboard the doomed Titanic. For decades Edgar's death haunts the Andrew family until one day Edgar's small suitcase is retrieved from the bottom of the ocean. That day, the mementos of a life and the truth they generate as they are plucked from the submerged Titanic once again shake the feelings and origins of a family. Armed with this extraordinary occurrence and the contents of a suitcase from the Titanic, Enrique Dick embarked on a journey of discovery into his maternal family history. The result is a book that not only uncovers family secrets and historical facts but also opens a window into lives that impacted history as it was being created

Sounds Like Titanic: A Memoir Dec 21 2021 A young woman leaves Appalachia for life as a classical musician—or so she thinks. When aspiring violinist Jessica Chiccehitto Hindman lands a job with a professional ensemble in New York City, she imagines she has achieved her lifelong dream. But the ensemble proves to be a sham. When the group “performs,” the microphones are never on. Instead, the music blares from a CD. The mastermind behind this scheme is a peculiar and mysterious figure known as The Composer, who is gaslighting his audiences with music that sounds suspiciously like the Titanic movie soundtrack. On tour with his chaotic ensemble, Hindman spirals into crises of identity and disillusionment as she “plays” for audiences genuinely moved by the performance, unable to differentiate real from fake. *Sounds Like Titanic* is a surreal, often hilarious coming-of-age story. Hindman writes with precise, candid prose and sharp insight into ambition and gender, especially when it comes to the difficulties young women face in a world that views them as silly, shallow, and stupid. As the story swells to a crescendo, it gives voice to the anxieties and illusions of a generation of women, and reveals the failed promises of a nation that takes comfort in false realities.
