The Surah revolves around the Signs of Allah SWT (God) and those who believe and deny them from amongst the polytheists. The splitting of the Qamar [moon] is amongst the great signs shown by God to the people of Makkah which they still resulted on them continuing their disbelief. The Surah talks about the approaching Day of Judgment. It describes some of the scenes of that Day. It also tells us that Allah's judgment may come here and now. There are references to the flood that came at the time of Prophet Noah AS, the punishment of the people of 'Ad, Thamud, People of Prophet Lot AS, the Pharaoh and his people. It ends with the good news for the Believers who will be near their Lord in the gardens of bliss. This Surah takes its name from the first Ayat: "The Hour has come near, and the moon has split [in two]." (54:1). Surah al-Qamar is in the 27th Juzz and the word Qamar [moon] appears in the Qur'an 27 times. An interesting observation is that the Moon orbits the Earth every 27 days. There are 55 Ayat in this Surah. La sura gira en torno a los signos de Allah SWT (Dios) y aquellos que los desmienten y niegan entre los politeístas. La división de Qamar [luna] es una de las grandes señales mostradas por Dios a la gente de La Meca, que todavía resultaron en que continuaran con su incredulidad. La sura habla del próximo Día del Juicio. Describe algunas de las escenas de ese día. También nos dice que el juicio de Allah puede venir aquí y ahora. Hay referencias al diluvio que vino en la época del profeta Noé AS, el castigo del pueblo de 'Ad, Thamud, el pueblo del profeta Lot AS, el faraón y su pueblo. Termina con las buenas nuevas para los creyentes que estarán cerca de su Señor en los jardines de la dicha. Esta Surah toma su nombre del primer Ayat: "La Hora se ha acercado, y la luna se ha partido [en dos]". (54: 1)

*Cities in Ruins* Nov 29 2019 The presence of urban ruins in modern poetry awakens readers to the real-life remains of violence and destruction in our cities. The attacks in New York on September 11.2001. and in Madrid on March 11.2004. provoked diverse political reactions, but the imminence of the ruins triggered a collective historical awakening. An awakening can take the shape of bombs in Kabul and Baghdad. or political change in government policies, but it is also palpable when poetry voices a critique of the technological warfare and its versions of progress.

Contemporary events and modern ruins are reminiscent of the political impact that the Spanish Civil War and two World Wars had on poetry. In *Cities in Ruins: The Politics of Modern Poetics*. Cecilia Enjuto Rangel argues that the portrayal in poetry of the modern city as a disintegrated, ruined space is part of a critique visions of progress and modernization that developed during the nineteenth century and the first half of the twentieth century. Enjuto Rangel analyzes how Charles Baudelaire, Luis Cernuda. T. S. Eliot. Octavio Paz and Pablo Neruda poetized ruins as the cornerstones of cultural and political memory, and used the imagery of ruins to reinterpret their historical and literary traditions. As a literary commonplace, the topos of ruins has been thoroughly examined in Baroque and Romantic literary studies, but Enjuto Rangel's study investigates the virtually unexplored map of modern ruins in modern poetry. For Enjuto Rangel. images of ruins empower text and reader with political and historical agency. This triggers a conscious re-evaluation of the past, as exemplified by the Transatlantic poetics of the Spanish Civil War and the current politics of memory. Enjuto Rangel's book offers an original interpretation of how modern poems historicize ruins and avoid narcissistic readings of destruction. "This work is a brilliant composite of Modernity's major poetic quests for meaning, The notion of ruins brings the literary, historical. and political issues to the fore with a scholarly depth that is matched by the breadth and urgency of the poetic statements examined."---Ronald Puppo, University of Vic Purdue Studies in Romance Literatures publishes studies on topics of literary, theoretical, or philological importance that make a significant contribution to scholarship in French. *Behind Spanish American Footlights* Jul 06 2020 Across a five-hundred-year sweep of history, Willis Knapp Jones surveys the native drama and the Spanish influence upon it in nineteen South American countries, and traces the development of their national theatres to the 1960s. This volume, filled with a fascinating array of information, sparkles with wit while giving the reader a fact-filled course in the history of Spanish American drama that he can get nowhere else. This is the first book in English ever to consider the theatre of all the Spanish American countries. Even in Spanish, the pioneer study that covers the whole field was also written by Jones. Jones sees the history of a nation in the history of its drama. Pre-Columbian Indians, conquistadores, missionary priests, viceroys, dictators, and national heroes form a background of true drama for the main characters here—those who wrote and produced and acted in the make-believe drama of the times. The theatre mirrors the whole life of the community, Jones believes, and thus he offers information about geography, military events, and economics, and follows the politics of state and church

through dramatists' offerings. Examining the plays of a people down the centuries, he shows how the many cultural elements of both Old and New Worlds have been blended into the distinct national characteristics of each of the Spanish American countries. He does full justice to the subject he loves. A lively storyteller, he adds tidbits of spice and laughter, long-buried vignettes of history, tales of politics and drama, stories of high and low life, plots of plays, bits of verse, accounts of dalliance and of hard work, and sad and happy endings of rulers and peons, dramatists, actors, and clowns. A valuable appendix is a selected reading guide, listing the outstanding works of important Spanish American dramatists. A generous bibliography is a useful addition for scholars.
