Bennion on Statutory Interpretation is the leading work on the interpretation of legislation and essential reading for all those who practise law, whether drafting legislation, administering it, advising on it or arguing it in court. The Fifth edition has been extensively revised and updated to ensure that it remains the seminal work on statutory interpretation for the modern-day practitioner. The work explains clearly and concisely how to extract the relevant interpretative factors in deciding the

legal meaning and effect of all types of legislation. The provision of checklists helps to ensure that no argument is overlooked. Critical issues such as how to assess legislative intent are examined. A framework is provided which enables the reader to interpret legislation accurately and confidently. This set includes the mainwork and supplement. The 16th edition of McGregor on Damages maintains the standards of its forebears and provides an authoritative text on common law damages. Det ailed consideration is given to all relevant points of law and practice relating to the manifold aspects of the subject. The second supplement includes the many changes in this area of law since publication of the previous edition in 1988 such as: the decisions of the Court of Appeal and House of Lords in the recent BBL litigation, developments in exemplary damages, and the appropriate discount rate for multipliers in personal injury cases. The Unlocking the Law series makes the law accessible. Each chapter contains activities such as quick quizzes and self-test questions, key facts charts to consolidate your knowledge and diagrams to aid learning. Cases, judgments and primary source quotations are prominently displayed. Summaries help you understand each chapter, there is a glossary of legal terminology. New features include problem questions with guidance on answering, as well as essay questions and answer plans, plus cases and materials exercises. All titles in the series follow the same formula and include the same features so students can move easily from one subject to another. Irish Law Business and the law... your accessible NEW guide to regulation in Ireland's economy This much needed new legal resource provides a clear legal overview of the heavily regulated sectors of the Irish economy: - Aviation - Banking and financial services - Broadcasting - Communications including post - Energy For anybody advising or working for a commercial organisation operating in any of these sectors, Regulatory Law in Ireland is a truly essential addition to your toolkit. Communications Regulation Competition Authority Commission for Energy Regulation Regulatory Law in Ireland contains everything you need to successfully negotiate both the latest regulations and the regulators. Fungi are of fundamental importance in the terrestrial environment. They have roles as decomposers, plant pathogens, symbionts, and in elemental cycles. Fungi are often dominant, and in soil can comprise the largest pool of biomass (including other microorganisms and invertebrates). They also play a role in maintenance of soil structure due to their filamentous growth habit and exopolymer production. Despite their important roles in the biosphere, fungi are frequently neglected within broader environmental and microbiological spheres. Additionally, mycological interests can be somewhat fragmented between traditional subject boundaries. This multi-disciplinary volume explores the roles and importance of fungi in the environment. Particular emphasis is given to major research advances made in recent years as a result of molecular and genomic approaches, and in cell imaging and biology. Drawing together microbiologists, mycologists, and environmental scientists, this work is a unique account of modern environmental mycology, and a pivotal contribution to the field. The book provides the commercial lawyer with a detailed analysis of the various statutory and contractual requirements relating to the law of guarantees. It also examines the guarantor's liability and right against both creditors and debtors. A thorough knowledge of the law and practice surrounding guarantees is essential for lawyers in all areas of commercial law, given the complex borrowing and finance requirements of modern industry and institutions. This is the 6th edition of the highly successful book on Guarantees by Geraldine Andrews QC and Richard Millett QC. The book is considered the pre-eminent treatise on the subject of guarantees in the UK. *Présentation de l'éditeur* : "Charlesworth & Percy on Negligence is the principal guide to a complex area of the law, providing unrivalled depth of analysis into the tort of negligence. The Second Cumulative Supplement to the Fourteenth Edition brings the main work up to date with all the recent developments." Bullen and Leake and Jacob is widely regarded as the essential guide to drafting statements of case. This edition presents an expanded and revised stock of authoritative, modern and structured precedents complete with guiding commentary. Written at a time when the Civil Procedure Rules have bedded down somewhat, the 15th edition fully reflects all the issues of the CPR and the legislative and judicial developments in the individual practice areas. Busy practitioners can rest assured that they are relying on the most up-to-date information. The features include: a new edition of the standard work, completely updated and cautiously expanded; coverage of both mainstream and specialist practice areas; a practical working tool for all advocates in an easily-searched and user-friendly format; compiled by over 60 leading barristers; and provides tightly drafted precedents and invaluable best practice advice. Pleadings Without Tears has become established as one of the most successful books on practical legal

drafting in the context of litigation. This new eighth edition is fully updated to take account of Civil Procedure Rule (CPR) changes since the last edition. The book takes a practical and insightful look at the subject of legal drafting, enabling the reader to become more confident in approaching this often unnecessarily daunting subject. It focuses on core skills and fundamental rules while clearly addressing each stage of the process and goes beyond a straightforward setting out of the precedents and authorities relevant to statements of case. It gives clear examples of how to set out relevant matters with clarity and precision and encourages the reader to give full consideration to concise and clear identification of the subject matter of the action, the issues of the case and the parties' respective positions in respect to those issues. With a wealth of practical examples and anecdotes - and illustrated throughout with cartoons - the light and entertaining style, combined with detailed analysis and explanation, enables the reader to easily acquire a good understanding of drafting. Dealing with all insurance risks other than marine, this text contains sections on insurable interest, non-disclosure, reinsurance, conflict of laws and policy terms. It also includes the Unfair Terms in Consumer Contract Regulations 1994 and the Rome Convention on Conflict of Laws. The 5th edition provides thorough treatment of one of the most fundamental areas of law - the interpretation of contracts. All those drafting, revising or advising on written agreements will benefit from its detailed discussion of the rules of contract interpretation. Business Law and Practice provides a detailed guide to the forms of business most commonly encountered in practice, examining how they must be run in accordance with the statutory and common law applicable to them. This fourth cumulative supplement brings the 6th edition up to date with the latest developments in the law. Among the highlights of this book are the use of nanotechnology to increase potency of available insecticides, the use of genetic engineering techniques for controlling insect pests, the development of novel insecticides that bind to unique biochemical receptors, the exploration of natural products as a source for environmentally acceptable insecticides, and the use of insect genomics and cell lines for determining biological and biochemical modes of action of new insecticides. Bullen & Leake & Jacob is widely regarded as the essential guide to drafting statements of case. This new edition presents an expanded and revised stock of authoritative, modern and structured precedents complete with guiding commentary. Written at a time when the Civil Procedure Rules have bedded down somewhat, the 15th edition will fully reflect all the issues of the CPR and the legislative and judicial developments in the individual practice areas. Busy practitioners can rest assured that they are relying on the most up-to-date information. A new edition of the standard work, completely updated and cautiously expanded. Coverage of both mainstream and specialist practice areas. A practical working tool for all advocates in an easily-searched and user friendly format. Compiled by over 60 leading barristers.

Provides tightly drafted precedents and invaluable best practice advice. The Civil Procedure Rules place great emphasis on the written presentation of trial materials and increase the propensity for cases to be decided on the papers. Yet the Civil Procedure Rules themselves offer little guidance on the drafting of statements of case. This edition seeks to fill the gap, offering a stock of authoritative, structured precedents, complete with guiding commentary. Restructured and rewritten to ensure it fully reflects the changes in practice, it should prove an easily accessible, user-friendly resource. The two-volume work features subjects such as human rights, harassment, information technology, environment, entertainment and sports law. This new Guide to the Consumer Credit Act 2006 covers all of the new provisions, together with discussion of the growing importance of the internet and electronic technology to this area of the law, whilst also placing the new Act in the context of what has gone before. The commentary in the Guide is structured in a clear and logical way, thus enabling readers to quickly access the information they require. Commercial Law, 4th edition covers consumer law initiatives based on EU directives, plus significant commercial case law. It outlines the emergence of and variety in regulation regimes and deals with insolvency rules in Ireland as well as the credit union sector. Includes the following case law and legislation: *McIlroy v Horizon Sports*, HC (set for October 2014); *Quinn v IRBC* (set for early 2015); *Darlington Properties v Meath County Council* [2010] IEHC 70; *Google Spain and Google Inc v AEPD C-131/12*. Consumer Protection Act 2007; Defamation Act 2009 ; Legal Services Ombudsman Act 2009; Companies (Amendment) Act 2009; Enactment of Treaty of Lisbon in 2009; The EC (Payment Services) Regulations, 2009; Arbitration Act 2010; 29th Amendment of the Constitution (Judges' Remuneration) Act 2011 ; Personal Insolvency Act 2012. Previous print edition ISBN: 9781845922030 Containing all the developments in case law and legislation since 1999, this resource covers such as topics as: formation of contract, illegality and public policy, remedies for breach of contract, bailment, building contracts, carriage by air and land, and credit and security For definitive coverage of defamation law, media law practitioners, defamation specialists and academics rely on this leading text. This twelfth edition has been thoroughly updated with recent case decisions and legislation. The second edition of Commercial Law covers everything you need to know, from sale of goods and supply of services, to finance, insurance and international trade. The book examines the private law framework within which trade and commerce is conducted and provides you with an accessible, up-to-date description and critical analysis of the main areas of commercial law in Ireland, with reference to other jurisdictions where relevant. The second edition maps major developments in commercial legislation and case law over the last 10 years, from both a European and Irish perspective. Commercial Law also considers the recommendations of various law reform bodies; in particular the recommendations from the final report of

the Sales Law Review Group (2011) are contextualised and critically examined. Commercial Law provides you with a thorough exploration of the subject area by examining the impact of the Arbitration Act 2010, Land and Conveyancing Law Reform Act 2009, Consumer Protection Act 2007, and the Patents (Amendment) Act 2006 on Commercial Law. You will also be brought up-to-date on important new regulations, such as: *The Consumer Sales Regulations, 2003 *The EC (Mediation) Regulations, 2011 *The EC (Payment Services) Regulations, 2009 *The EC (Enforcement of Intellectual Property Rights) Regulations, 2006 *The EC (Certain Aspects of the Sale of Consumer Goods and Associated Guarantees) Regulations, 2003 This book is a companion volume to Bullen, Leake and Jacob's Precedents of Pleadings and will be useful reading for a full understanding of the system of pleadings in England and Wales. The book aims to provide a comprehensive commentary to the classic compendium of precedents, covering every aspect of pleadings in detail. Dealing with the public sector, this Irish employment law book comprises relevant case law with head notes and all statutory material, fully consolidated, relating to civil service regulation in Ireland. It is divided into sections containing statute law, statutory instruments, civil service circulars, and case law. Provides law students with a practical and proven method of analysing and answering essays and exam questions. Designed for students of all levels, including A-level, university, conversion, and vocational courses, this book teaches vital writing and analytical skills to help students in their substantive law studies.
