Shadow magick occupies a critical role in the rich history of witchcraft, and it continues to draw strong interest from contemporary practitioners despite the limited information that is available. This book explores misunderstood topics such as ethically collecting and using animal parts and bones, blood magick, dark moon energy, hexing, scrying, dark deities, graveyard dirt, spells to assist the crossing of a dying loved one, and much more. With a strong focus on ethics, author Kate Freuler provides much-needed information and hands-on techniques to help you strengthen your life, connect to nature, protect yourself (and your kith and kin), and know yourself in a deep way. Susan Dennard's New York Times bestselling fantasy series continues - with the story of Iseult, the Threadwitch. War has come to the Witchlands . . . and nothing will be the same again. Iseult has found her heartsister Safi at last, but their reunion is brief. For Iseult to stay alive, she must flee Cartorra while Safi remains. And though Iseult has plans to save her friend, they will require her to summon magic more dangerous than anything she has ever faced before. Meanwhile, the Bloodwitch Aeduan is beset by forces he cannot understand. And Vivia - rightful queen of Nubrevna - finds herself without a crown or home. As villains from legend reawaken across the Witchlands, only the mythical Cahr Awen can stop the gathering war. Iseult could embrace this power and heal the land, but first she must choose on which side of the shadows her destiny will lie. Witchshadow is the fourth book in the Witchlands series by bestselling author Susan Dennard. 'Truthwitch by Susan Dennard is like a cake stuffed full of your favourite fantasy treats . . . this book will delight you' - Robin Hobb, author of Assassin's Apprentice Discover the truths, the history, the myths and the magic behind the bestselling All Souls trilogy. Tells how to create and maintain a personal book of spells, divination methods, and notes on magic Is shamanism all that different from modern witchcraft? According to Christopher Penczak, Wicca's roots go back 20,000 years to the Stone Age shamanic traditions of tribal cultures worldwide. A fascinating exploration of the Craft's shamanic origins, *The Temple of Shamanic Witchcraft* offers year-and-a-day training in shamanic witchcraft. Penczak's third volume of witchcraft teachings corresponds to the water element - guiding the reader into this realm of emotion, reflection, and healing. The twelve formal lessons cover shamanic cosmologies, journeying, dreamwork, animal/plant/stone medicine, totems, soul retrieval, and psychic surgery. Each lesson includes exercises (using modern techniques and materials), assignments, and helpful tips. The training ends with a ritual for self-initiation into the art of the shamanic witch - culminating in an act of healing, rebirth, and transformation. COVR Award Winner

From the bestselling author of Practical Magic Nikki Van De Car comes Shadow Magic, an expansive, beautiful primer on cultivating your own innate power, magic, and strength through shadow work—the mystical art of engaging with your deepest internal self. Human beings are incredibly complex. We are more than just our happiness or sunny dispositions, and we have much to offer others and ourselves even on our worst days. There is magic and energy and potential in these moments—in the shadow—and we cannot be the fullest expression of ourselves, at our most powerful, unless we embrace and embody all that we are. Shadow Magic is here to assist you in uncovering, understanding, and celebrating your own shadow. Author Nikki Van De Car teaches us to work with the shadow, rather than trying to suppress or ignore it—allowing each of us to uncover the whole, integrated witch within. Through foundational lessons on psychologist Carl Jung's concept of the shadow; explorations of magical topics like the moon, dream magic, and symbology; and rituals and spells for connecting to your own deepest self, Shadow Magic invites all of us to harness the shadow's power to bring more magic into our lives. The spells and rituals in this book will help you bring awareness and healing to whatever you may be carrying that you would rather leave behind. As you do so, you'll uncover your personal power, including abilities and gifts that you may not have recognized within yourself. You'll work with sigil magic and symbology, with tarot and candle magic, with the moon, and with dreams. Each section includes three spells for you to try: one for creativity, one for intuition, and one for self-love. And along the way you'll encounter profiles of witches and women throughout history who embraced their own shadows, even when it wasn't popular. Throughout this book you will learn to embrace what it means to be in relationship with your own shadow, in a process of growth and exploration that will enhance all aspects of the self, allowing for a fuller, more magical life. Featuring everything a teen

witch could want and need, "Solitary Witch" includes a magickal cookbook, encyclopedia, dictionary, and grimoire. It relates specifically to today's young adults and their concerns yet is grounded in the magickal work of centuries past. In a world full of magic and supernatural beings, what would you do if you were the only non-magical being in your family? Bracken Carmichael is that very girl. Classed as an outcast amongst her people, her life has been a roller coaster of emotions in a normally dull little village. But life is about to get very interesting when the Vampire Lord visits. Danger is around every corner and it seems that her family know more than they are letting on. With an entire village against her, Bracken needs to find herself some allies, before a much darker time draws closer. Beginning with the basics of the Wiccan religion and its practices, this book contains everything needed for successful witchery, including mental theory, magickal theory, and practical training exercises. Are you ready for your next magical adventure? Okay, so I'm in trouble. Big trouble. I'm broke. Worse, my boyfriend of five years just dumped me. What do I do? I move in with my three eccentric aunts in their family home, Davenport House. Sounds exciting, only this massive farmhouse likes to eat men. If I were a regular human, I would have run out screaming like a banshee. As a witch-I do absolutely nothing. Hey, maybe they deserved it? I'm back in Hollow Cove, the flamboyant paranormal community, where nymphs, werewolves, trolls, shifters, witches, and other paranormals live comfortable lives away from prying human eyes. As I settle into my new life, I decide to accept my aunts' proposal and join the family business-the business of protecting our town and killing anything that would want to harm it. But I've been away from the paranormal world for quite some time, and my magical abilities are a little bit rusty. Heck, they're practically invisible. Things soon spiral down the crapper when people in our community start dropping like flies. And when demons start showing up in Hollow Cove, it's up to me to take care of them. Permanently. This

is going to be awesome. I just know it. Get ready for this heart-pounding and laugh-out-loud magical adventure! *Shadow Witch* is the first novel in *The Witches of Hollow Cove* series. In order for a shadow to exist, there must be light, and vice versa. The magickal workings shared in these pages are a mixture of both, because as in all things, there needs to be balance. There are no real directions in this book... These pages contain 350 different spells, rituals, prayers, recipes, et cetera. These are in no particular order, as a true book of lights and shadows has no particular order to it. All the spells in this book have been used with positive results, as well as the rituals and recipes. I have made sure that all the spells have

been tested, thanks to the assistance of my wonderful students and covens! All of the spells and rituals have been written due to a need for them, from many different witches in many different Spiritual communities. I have tried to include a spell for any need that arises. Prayer is the oldest known communication between man and Divinity. It is so important to pray and give thanks to our Divine. Prayer is what connects us daily with our deities, which raises our personal vibrations and energy levels, making us stronger Spiritually and magickally. The prayers in this book are basic, and can be easily personalized. Chanting is a very powerful action. Many chants are used to gain and release energies, to give thanks to Deities, and to recognize a magickal moment. I chant whenever I am inspired to do so. It just comes from my heart. May it be feeling the breeze through my hair to raising energies in a circle, I chant. In this book, you will find chants inspired by everything under the Sun... Literally! This book also contains some inner workings... Meditations, inner journeys, and visualizations. These exercises expand the mind and help with the continuing Spiritual growth and evolvment we are experiencing throughout our life constantly. Visualizations aid us in training and working our minds and thoughts. Inner journeys connect us with Spirit guides and totem animal Spirits that give us messages and teach us lessons. Meditation is the key to living a Spiritually magickal and balanced life. It connects us with ourselves on all levels and with Divinity. That is where all growth takes place. Remember, the magick comes from the witch, not the spell. The witch's emotion, energy, intent, and actions cause the magick to work. Spells are only an aid used for energy direction. Always be confident and strong when magick is being used, so you will project the proper energy needed to obtain positive results. The Book of Shadows is your all-in-one journal resource for learning the basics of witchcraft, performing over 40 spells and rituals, documenting your spellwork, and then reflecting on your inner witch with creative prompts to transform your life.

Since Phyllis Currot first published *Book of Shadows*, the story of her spiritual journey and initiation as a High Priestess in the Wiccan community, Witchcraft has captured America's imagination as a theme for fiction, television shows, and films. Now America's highest-profile Witch returns to dispel more myths and misrepresentations of her faith, and to share a practical guide to the beautiful spiritual rituals and philosophies behind Wiccan tradition. Rich with enchanting stories from Currot's own experiences and detailed advice for creating potions, working with Nature, and finding the Divine within, *Witch Crafting* is much more than just another superficial recipe book. Currot's unique guidebook integrates the inspiration of religious wisdom with sound, practical information. *Witch Crafting* reveals how to: incorporate Wiccan practices into your daily life; master the secret arts of effective spell casting; create sacred space and personal rituals; perform divinations for insight and success; and tap the magical power of altered states, such as dreaming meditation, prayer, and trance. Perfect for beginners or seasoned practitioners, *Witch Crafting* is the ideal handbook for anyone seeking to unlock the divine power that makes real magic happen, and to experience the power and gifts of the universe more fully.
