The Indiana Companion to Traditional Chinese Literature Jun 26 2022 "A veritable feast of concise, useful, reliable, and up-to-date information (all prepared by top scholars in the field), Nienhauser's now two-volume title stands alone as THE standard reference work for the study of traditional Chinese literature. Nothing like it has ever been published." --Choice The second volume to *The Indiana Companion to Traditional Chinese Literature* is both a supplement and an update to the original volume. Volume II includes over 60 new entries on famous writers, works, and genres of traditional Chinese literature, followed by an extensive bibliographic update (1985-1997) of editions, translations, and studies (primarily in English, Chinese, Japanese, French, and German) for the 500+ entries of Volume I.

The Indiana Companion to Traditional Chinese Literature Feb 20 2022 "A veritable feast of concise, useful, reliable, and up-to-date information (all prepared by top scholars in the field), Nienhauser's now two-volume title stands alone as THE standard reference work for the study of traditional Chinese literature. Nothing like it has ever been published." -- Choice The second volume to *The Indiana Companion to Traditional Chinese Literature* is both a supplement and an update to the original volume. Volume II includes over 60 new entries on famous writers, works, and genres of traditional Chinese literature, followed by an extensive bibliographic update (1985-1997) of editions, translations, and studies (primarily in English, Chinese, Japanese, French, and German) for the 500+ entries of Volume I.

Dao Companion to Neo-Confucian Philosophy Jan 22 2022 Neo-Confucianism was the major philosophical tradition in China for most of the past millennium. This Companion is the first volume to provide a comprehensive introduction, in accessible English, to the Neo-Confucian philosophical thought of representative Chinese thinkers from the eleventh to the eighteenth centuries. It provides detailed insights into changing perspectives on key philosophical concepts and their relationship with one another.

Dao Companion to the Philosophy of Han Fei Oct 19 2021 Han Fei, who died in 233 BC, was one of the primary philosophers of China's classical era, a reputation still intact despite recent neglect. This edited volume on the thinker, his views on politics and philosophy, and the tensions of his relations with Confucianism (which he derided) is the first of its kind in English. Featuring contributions from specialists in various disciplines including religious studies and literature, this new addition to the *Dao Companions to Chinese Philosophy* series includes the latest research. It breaks new ground with studies of Han Fei's intellectual antecedents, and his relationship as a historical figure with Han Feizi, the text attributed to him, as well as surveying the full panoply of his thought. It also includes a chapter length survey of relevant scholarship, both in Chinese and Japanese.

The Ashgate Research Companion to Chinese Foreign Policy Mar 24 2022 The Ashgate Research Companion to Chinese Foreign Policy draws out the full range of topics and issues that characterise China's external affairs. The volume is intended to provide an overview of Chinese foreign policy that will be relevant both to experts in the field as well as those that are just starting to grapple with Beijing's international outlook. The investigation of Chinese foreign policy offered by the volume is divided into seven parts: - Part I focuses on the historical evolution of Chinese foreign policy by detailing the specific traditions and the altering paradigms of Beijing's external outlook proffered for the explanation and understanding of Chinese foreign policy - Part II discusses the different analytical perspectives proffered for the explanation and understanding of Chinese foreign policy - Part III considers the domestic sources of Chinese foreign policy - Part IV analyses the international impact of Beijing's outreach - Part V of the volume begins the exploration of China's relations with specific international actors - Part VI investigates the regional interactions of

Chinese foreign policy - Part VII of the volume draws attention to several issues impacting both the practice and the understanding of Chinese foreign policy This Companion draws a vivid picture of the full spectrum of topics, issues, and relationships that define China's international interactions. The collection therefore provides a relevant point of departure for anyone interested in learning about Beijing's external affairs. Owing to the wide range of themes and ideas, this volume is essential reading for students of Chinese foreign policy.

Dao Companion to the Analects Nov 19 2021 This volume surveys the major philosophical concepts, arguments, and commitments of the Confucian classic, the Analects. In thematically organized chapters, leading scholars provide a detailed, scholarly introduction to the text and the signal ideas ascribed to its protagonist, Confucius. The volume opens with chapters that reflect the latest scholarship on the disputed origins of the text and an overview of the broad commentarial tradition it generated. These are followed by chapters that individually explore key areas of the text's philosophical landscape, articulating both the sense of concepts such as ren, li, and xiao as well as their place in the wider space of the text. A final section addresses prominent interpretive challenges and scholarly disputes in reading the Analects, evaluating, for example, the alignment between the Analects and contemporary moral theory and the contested nature of its religious sensibility. Dao Companion to the Analects offers a comprehensive and complete survey of the text's philosophical idiom and themes, as well as its history and some of the liveliest current debates surrounding it. This book is an ideal resource for both researchers and advanced students interested in gaining greater insight into one of the earliest and most influential Confucian classics.

A Companion to Chinese Cinema Aug 29 2022 A Companion to Chinese Cinema is a collection of original essays written by experts in a range of disciplines that provide a comprehensive overview of the evolution and current state of Chinese cinema. Represents the most comprehensive coverage of Chinese cinema to date Applies a multidisciplinary approach that maps the expanding field of Chinese cinema in bold and definitive ways Draws attention to previously neglected areas such as diasporic filmmaking, independent documentary, film styles and techniques, queer aesthetics, star studies, film and other arts or media Features several chapters that explore China's new market economy, government policy, and industry practice, placing the intricate relationship between film and politics in a historical and international context Includes overviews of Chinese film studies in Chinese and English publications

The Routledge Companion to Accounting in China Oct 07 2020 There is increasing interest in accounting issues in China. Despite a relatively short history, China's stock market is the world's second largest. This growth has been accompanied by increasing demand for accounting information alongside reforms of accounting and auditing rules, as international investors have paid increasing attention to investment opportunities in this dynamic and energetic country with a large population and economic growth potentials. Despite this, at present there are few books which offer students, academics and practitioners a comprehensive guide to current accounting issues in China. The Routledge Companion to Accounting in China fills this important gap in the literature. The volume is organized in six thematic sections which cover capital market and corporate finance, financial accounting, managerial accounting, auditing, taxation and internal controls. The structure is intended to reflect the increasing diversity of contemporary accounting issues in China, including a balanced overview of current knowledge, identifying issues and discussing relevant debates. This book is a prestigious reference work which offers students, academics and practitioners an introduction to current accounting issues in the emerging market of China.

The Dao Companion to Japanese Buddhist Philosophy Apr 12 2021 The volume introduces the central themes in and the main figures of Japanese Buddhist philosophy. It will have two sections, one that discusses general topics relevant to Japanese Buddhist philosophy and one that reads the work of the main Japanese Buddhist philosophers in the context of comparative philosophy. It combines basic information with cutting edge scholarship considering recent publications in

Japanese, Chinese, English, and other European languages. As such, it will be an invaluable tool for professors teaching courses in Asian and global philosophy, undergraduate and graduate students, as well as the people generally interested in philosophy and/or Buddhism.

Dao Companion to Chinese Philosophy of Logic May 26 2022 This book is a companion to logical thought and logical thinking in China with a comparative and interdisciplinary perspective. It introduces the basic ideas and theories of Chinese thought in a comprehensive and analytical way. It covers thoughts in ancient, pre-modern and modern China from a historical point of view. It deals with topics in logical (including logico-philosophical) concepts and theories rooted in China, Indian and Western Logic transplanted to China, and the development of logical studies in contemporary China and other Chinese communities. The term “philosophy of logic” or “logico-philosophical thought” is used in this book to represent “logical thought” in a broad sense which includes thinking on logical concepts, modes of reasoning, and linguistic ideas related to logic and philosophical logic. Unique in its approach, the book uses Western logical theories and philosophy of language, Chinese philology, and history of ideas to deal with the basic ideas and major problems in logical thought and logical thinking in China. In doing so, it advances the understanding of the lost tradition in Chinese philosophical studies.

The Oxford Companion to the Economics of China Mar 31 2020 China's rise as an economic powerhouse raises a number of questions that are the subject of lively debate. How did the country do it? How applicable are the lessons of China's economic reform of the past thirty years to the challenges it faces in the next three decades? What does the detailed pattern of China's success and challenges look like at the sub-sectoral and sub-national levels, and what does this mean for future policy? How will China's role as a global economic player evolve? The Oxford Companion to the Economics of China presents an original collection of perspectives on the Chinese economy's past, present, and future: 99 entries written by the leading China analysts of our time. The topics covered include: the China model, future prospects for China, China and the global economy, trade and the Chinese economy, macroeconomics and finance, urbanisation, industry and markets, agriculture and rural development, land, infrastructure, and environment, population and labour, dimensions of wellbeing and inequality, health and education, gender equity, regional divergence in China, and a selection of perspectives on some of China's provinces. The Editors are four global leaders in Chinese economic analysis and policy who between them have held or hold the following positions: Director General, International Food Policy Research Institute; Co-Editor, China Economic Review; President Chinese Economists Society; Assistant Director of Research at the IMF; Principal Adviser to the Chief Economist of the World Bank; and Professors of Economics at Ivy League Universities.

Dao Companion to the Philosophy of Xunzi Mar 12 2021 This volume presents a comprehensive analysis of the Confucian thinker Xunzi and his work, which shares the same name. It features a variety of disciplinary perspectives and offers divergent interpretations. The disagreements reveal that, as with any other classic, the Xunzi provides fertile ground for readers. It is a source from which they have drawn—and will continue to draw—different lessons. In more than 15 essays, the contributors examine Xunzi's views on topics such as human nature, ritual, music, ethics, and politics. They also look at his relations with other thinkers in early China and consider his influence in East Asian intellectual history. A number of important Chinese scholars in the Song dynasty (960–1279 CE) sought to censor the Xunzi. They thought that it offered a heretical and impure version of Confucianism. As a result, they directed study away from the Xunzi. This has diminished the popularity of the work. However, the essays presented here help to change this situation. They open the text's riches to Western students and scholars. The book also highlights the substantial impact the Xunzi has had on thinkers throughout history, even on those who were critical of it. Overall, readers will gain new insights and a deeper understanding of this important, but often neglected, thinker.

A Companion to Chinese Art Jan 02 2023 Exploring the history of art in China from its earliest

incarnations to the present day, this comprehensive volume includes two dozen newly-commissioned essays spanning the theories, genres, and media central to Chinese art and theory throughout its history. Provides an exceptional collection of essays promoting a comparative understanding of China's long record of cultural production Brings together an international team of scholars from East and West, whose contributions range from an overview of pre-modern theory, to those exploring calligraphy, fine painting, sculpture, accessories, and more Articulates the direction in which the field of Chinese art history is moving, as well as providing a roadmap for historians interested in comparative study or theory Proposes new and revisionist interpretations of the literati tradition, which has long been an important staple of Chinese art history Offers a rich insight into China's social and political institutions, religious and cultural practices, and intellectual traditions, alongside Chinese art history, theory, and criticism

The Cambridge Companion to Modern Chinese Culture Jul 28 2022 At the start of the twenty-first century, China is poised to become a major global power. Understanding its culture is more important than ever before for western audiences, but for many, China remains a mysterious and exotic country. This Companion explains key aspects of modern Chinese culture without assuming prior knowledge of China or the Chinese language. The volume acknowledges the interconnected nature of the different cultural forms, from 'high culture' such as literature, religion and philosophy to more popular issues such as sport, cinema, performance and the internet. Each chapter is written by a world expert in the field. Invaluable for students of Chinese studies, this book includes a glossary of key terms, a chronology and a guide to further reading. For the interested reader or traveler, it reveals a dynamic, diverse and fascinating culture, many aspects of which are now elucidated in English for the first time.

Dao Companion to Classical Confucian Philosophy Aug 05 2020 This volume presents both a historical and a systematic examination of the philosophy of classical Confucianism. Taking into account newly unearthed materials and the most recent scholarship, it features contributions by experts in the field, ranging from senior scholars to outstanding early career scholars. The book first presents the historical development of classical Confucianism, detailing its development amidst a fading ancient political theology and a rising wave of creative humanism. It examines the development of the philosophical ideas of Confucius as well as his disciples and his grandson Zisi, the Zisi-Mencius School, Mencius, and Xunzi. Together with this historical development, the book analyzes and critically assesses the philosophy in the Confucian Classics and other major works of these philosophers. The second part systematically examines such philosophical issues as feeling and emotion, the aesthetic appreciation of music, wisdom in poetry, moral psychology, virtue ethics, political thoughts, the relation with the Ultimate Reality, and the concept of harmony in Confucianism. *The Philosophy of Classical Confucianism* offers an unparalleled examination to the philosophers, basic texts and philosophical concepts and ideas of Classical Confucianism as well as the recently unearthed bamboo slips related to Classical Confucianism. It will prove itself a valuable reference to undergraduate and postgraduate university students and teachers in philosophy, Chinese history, History, Chinese language and Culture.

Minimal Old Chinese and Later Han Chinese May 02 2020 Although long out of date, Bernard Karlgren's (1957) remains the most convenient work for looking up Middle Chinese (ca. A.D. 600) and Old Chinese (before 200 B.C.) reconstructions of all graphs that occur in literature from the beginning of writing (ca. 1250 B.C.) down to the third century B.C. In the present volume, Axel Schuessler provides a more current reconstruction of Old Chinese, limiting it, as far as possible, to those post-Karlgrenian phonological features of Old Chinese that enjoy some consensus among today's investigators. At the same time, the updating of the material disregards more speculative theories and proposals. Schuessler refers to these minimal forms as "Minimal Old Chinese" (OCM). He bases OCM on Baxter's 1992 reconstructions but with some changes, mostly notational. In keeping with its minimal aspect, the OCM forms are kept as simple as possible and transcribed in an equally simple notation. Some issues in Old Chinese phonology still await clarification; hence

interpolations and proposals of limited currency appear in this update. Karlgren's Middle Chinese reconstructions, as emended by Li Fang-kuei, are widely cited as points of reference for historical forms of Chinese as well as dialects. This emended Middle Chinese is also supplied by Schuessler. Another important addition to Karlgren's work is an intermediate layer midway between the Old and Middle Chinese periods known as "Later Han Chinese" (ca. second century A.D.) The additional layer makes this volume a useful resource for those working on Han sources, especially poetry. This book is intended as a "companion" to the original *Grammata Serica Recensa* and therefore does not repeat other information provided there. Matters such as English glosses and references to the earliest occurrence of a graph can be looked up in *Grammata Serica Recensa* itself or in other relevant dictionaries. The great accomplishment of this companion volume is to update an essential reference and thereby fulfill the need for an accessible and user-friendly source for citing the various historically reconstructed stages of Chinese.

A Companion to Chinese Archaeology Sep 29 2022 *A Companion to Chinese Archaeology* is an unprecedented, new resource on the current state of archaeological research in one of the world's oldest civilizations. It presents a collection of readings from leading archaeologists in China and elsewhere that provide diverse interpretations about social and economic organization during the Neolithic period and early Bronze Age. An unprecedented collection of original contributions from international scholars and collaborative archaeological teams conducting research on the Chinese mainland and Taiwan makes available for the first time in English the work of leading archaeologists in China. Provides a comprehensive view of research in key geographic regions of China. Offers diverse methodological and theoretical approaches to understanding China's past, beginning with the era of established agricultural villages from c. 7000 B.C. through to the end of the Shang dynastic period in c. 1045 B.C.

Dao Companion to Contemporary Confucian Philosophy Sep 17 2021 This edited volume presents a comprehensive examination of contemporary Confucian philosophy from its roots in the late 19th century to the present day. It provides a thorough introduction to the major philosophers and topics in contemporary Confucian philosophy. The individual chapters study the central figures in 20th century Confucian philosophy in China, Taiwan, and Hong Kong, as well as the important influences on recent Confucian philosophy. In addition, topical chapters focus on contemporary Confucian theory of knowledge, ethics, politics, aesthetics, and views of human nature. The volume brings together scholars from around the world to provide a sound overview of the philosophy of the period and illustrate the important current debates. Confucian philosophy has been undergoing a revival in China for more than three decades, and this book presents the most significant work of the past century and more. By giving a detailed account of the philosophical positions involved, explaining the terminology of contemporary Confucian philosophy, and situating the views in their historical context, this volume enables the reader to understand what is at stake and evaluate the arguments.

The Oxford Companion to the Economics of China Jun 02 2020 China's rise as an economic powerhouse raises a number of questions that are the subject of lively debate. How did the country do it? How applicable are the lessons of China's economic reform of the past thirty years to the challenges it faces in the next three decades? What does the detailed pattern of China's success and challenges look like at the sub-sectoral and sub-national levels, and what does this mean for future policy? How will China's role as a global economic player evolve? This *Oxford Companion to the Economics of China* presents an original collection of perspectives on the Chinese economy's past, present and future. The contributors of these entries include: the best of young Chinese researchers based in China and outside; renowned academics from the top universities in China, Europe, and North America; present and past senior officials of international agencies like the World Bank and the International Monetary Fund; senior Chinese government officials from the Centre and the Provinces; and four recipients of the Nobel Prize in Economics. The *Companion* consists of 99 entries written by the leading China analysts of our time. The topics covered include:

The China Model, Future Prospects for China , China and the Global Economy, Trade and the Chinese Economy, Macroeconomics and Finance, Urbanisation, Industry and Markets, Agriculture and Rural Development, Land, Infrastructure and Environment, Population and Labour, Dimensions of Wellbeing and Inequality, Health and Education, Gender Equity, Regional Divergence in China, and China's Provinces: Selected Perspectives. The Editors are four global leaders in Chinese economic analysis and policy who between them have held or hold the following positions: Director General, International Food Policy Research Institute; Co-Editor, China Economic Review; President Chinese Economists Society; Assistant Director of Research at the IMF; Principal Adviser to the Chief Economist of the World Bank; and Professors of Economics at Ivy League Universities.

Plants of China Dec 09 2020 The flora of China is astonishing in its diversity. With 32,500 species of vascular plants, over fifty per cent of which are endemic, it has more botanical variety than anywhere else in the world and provides unbroken connections to all its landscapes - from tropical to subtropical, temperate and boreal forests. This book tells the story of the plants of China: from the evolution of the flora through time to the survey of the bioclimatic zones, soundly based on chapters with information on climate, physical geography and soils. The history of botany and its study are also examined, with chapters dedicated to forestry, medicinal plants and ornamentals, with the changing flora, aliens, extinction and conservation also discussed. An essential read for years to come, *The Plants of China* shows that an understanding of the flora of China is crucial to interpreting plant evolution and fossil history elsewhere in the world.

Revitalizing Interculturality in Education Jan 28 2020 China is often seen as a monolith outside its borders. However, heterogeneity and interculturality have characterized the Middle Kingdom for centuries. Today, China's take on diversity is too easily disparaged or perceived as ambiguous - as if China was not legitimate to take part in conversations about it. The authors wish to contribute to global discussions about interculturality in education, which have often been dominated by 'Western' voices, by problematizing a very specific Chinese perspective called Minzu ('ethnic') education. Minzu is presented as a potential companion to other forms of diversity education (multicultural, intercultural, transcultural, cross-cultural, global education). Without claiming that they have found a miraculous and one-size-fits all recipe, they argue that the lessons learnt from researching various aspects of Minzu in Chinese education can also help students, researchers, educators, and decision-makers unthink and rethink the central issue of interculturality. As such the book introduces the complexity, contradictions and benefits of Minzu while helping the reader consider how compatible and complementary it could be with discussions of interculturality in other parts of the world. The book also aims at making readers observe critically their own contexts. This book was written with an open mind and it should be read with the same.

The Chinese Medicine Companion Feb 08 2021 Traditional Chinese Medicine is one of the most ancient healing systems, yet modern science is showing that it endures as a powerful healing modality for today's world. A condensed version of *The New Chinese Medicine Handbook*, *The Chinese Medicine Companion* explains the key principles of this holistic healing method. Written by Dr. Misha Ruth Cohen, an internationally-recognized practitioner, lecturer, and mentor in the field of Chinese medicine, this essential volume explains the most common treatments of Traditional Chinese Medicine including: Acupuncture Qi Gong Herbal therapy Dietary practices Nutrition *The Chinese Medicine Companion* keeps esoteric information to "need to know" basics giving you a practical guide to achieving total health in body, mind, and spirit.

Companion to Chinese History Oct 31 2022

The Chinese Wine Renaissance Nov 07 2020 The story of wine's ancient beginnings, with a foreword by Oz Clarke. The Chinese have been making wine since the days of the Silk Road and they have a rich, yet little known wine culture. Their now thriving wine market is entwined with thousands of years of fashion, poetry, and art, and offers a window into the country's vibrant history and legendary tales. This well-researched book offers a taste of China through a wine journey, setting the rise of grape wine against the fascinating backdrop of Chinese culture. In an

accessible and comprehensive tone, this guide covers the relationship between Chinese philosophy and wine, the renaissance of grape wine in modern China, the different varieties of Chinese wines, how to pair them with Chinese food and explores wine etiquette and customs. As wines from China are spreading to our shores and our tables, this book is an essential companion for all wine lovers interested in exploring new flavours while expanding their cultural horizons.

A Companion to Chinese History Dec 01 2022 A Companion to Chinese History presents a collection of essays offering a comprehensive overview of the latest intellectual developments in the study of China's history from the ancient past up until the present day. Covers the major trends in the study of Chinese history from antiquity to the present day Considers the latest scholarship of historians working in China and around the world Explores a variety of long-range questions and themes which serves to bridge the conventional divide between China's traditional and modern eras Addresses China's connections with other nations and regions and enables non-specialists to make comparisons with their own fields Features discussion of traditional topics and chronological approaches as well as newer themes such as Chinese history in relation to sexuality, national identity, and the environment

Hacking Chinese Dec 21 2021 Learning Chinese can be frustrating and difficult, partly because it's very different from European languages. Following a teacher, textbook or language course is not enough. They show you the characters, words and grammar you need to become proficient in Chinese, but they don't teach you how to learn them! Regardless of what program you're in (if any), you need to take responsibility for your own learning. If you don't, you will miss many important things that aren't included in the course you're taking. If you study on your own, you need to be even more aware of what you need to do, what you're doing at the moment and the difference between them. Here are some of the questions I have asked and have since been asked many times by students: How do I learn characters efficiently? How do I get the most out of my course or teacher? Which are the best learning tools and resources? How can I become fluent in Mandarin? How can I improve my pronunciation? How do I learn successfully on my own? How can I motivate myself to study more? How can I fit learning Chinese into a busy schedule? The answers I've found to these questions and many others form the core of this book. It took eight years of learning, researching, teaching and writing to figure these things out. Not everybody has the time to do that! I can't go back in time and help myself learn in a better way, but I can help you! This book is meant for normal students and independent language learners alike. While it covers all major areas of learning, you won't learn Chinese just by reading this book. It's like when someone on TV teaches you how to cook: you won't get to eat the delicious dish just by watching the program; you have to do the cooking yourself. That's true for this book as well. When you apply what you learn, it will boost your learning, making every hour you spend count for more, but you still have to do the learning yourself. This is what a few readers have said about the book: "The book had me nodding at a heap of things I'd learnt the hard way, wishing I knew them when I started, as well as highlighting areas that I'm currently missing in my study." - Geoff van der Meer, VP engineering "This publication is like a bible for anyone serious about Chinese proficiency. It's easy for anyone to read and written with scientific precision." - Zachary Danz, foreign teacher, children's theatre artist About me I started learning Chinese when I was 23 (that's more than eight years ago now) and have since studied in many different situations, including serious immersion programs abroad, high-intensity programs in Sweden, online courses, as well as on the side while working or studying other things. I have also successfully used my Chinese in a graduate program for teaching Chinese as a second language, taught entirely in Chinese mostly for native speakers (the Graduate Institute for Teaching Chinese as a Second Language at National Taiwan Normal University). All these parts have contributed to my website, Hacking Chinese, where I write regularly about how to learn Mandarin.

A Companion to Television Jul 04 2020 A Companion to Television is a magisterial collection of 31 original essays that charter the field of television studies over the past century Explores a diverse

range of topics and theories that have led to television's current incarnation, and predict its likely future Covers technology and aesthetics, television's relationship to the state, televisual commerce; texts, representation, genre, internationalism, and audience reception and effects Essays are by an international group of first-rate scholars For information, news, and content from Blackwell's reference publishing program please visit www.blackwellpublishing.com/reference/

Companion Encyclopedia of Asian Philosophy Feb 29 2020 The *Companion Encyclopedia of Asian Philosophy* is a unique one-volume reference work which makes a broad range of richly varied philosophical, ethical and theological traditions accessible to a wide audience. The *Companion* is divided into six sections covering the main traditions within Asian thought: Persian; Indian; Buddhist; Chinese; Japanese; and Islamic philosophy. Each section contains a collection of chapters which provide comprehensive coverage of the origins of the tradition, its approaches to, for example, logic and languages, and to questions of morals and society. The chapters also contain useful histories of the lives of the key influential thinkers, as well as a thorough analysis of the current trends.

Dao Companion to Daoist Philosophy Aug 17 2021 This is the first comprehensive companion to the study of Daoism as a philosophical tradition. It provides a general overview of Daoist philosophy in various thinkers and texts from 6th century BCE to 5th century CE and reflects the latest academic developments in the field. It discusses theoretical and philosophical issues based on rigorous textual and historical investigations and examinations, reflecting both the ancient scholarship and modern approaches and methodologies. The themes include debates on the origin of the Daoism, the authorship and dating of the Laozi, the authorship and classification of chapters in the Zhuangzi, the themes and philosophical arguments in the Laozi and Zhuangzi, their transformations and developments in Pre-Qin, Han, and Wei-Jin periods, by Huang-Lao school, Heguanzi, Wenzi, Huainanzi, Wang Bi, Guo Xiang, and Worthies in bamboo grove, among others. Each chapter is written by expert(s) and specialist(s) on the topic discussed.

Dao Companion to Xuanxue 玄学 (Neo-Daoism) May 14 2021 This comprehensive volume surveys an important but neglected period of Chinese intellectual history: Xuanxue (Neo-Daoism). It provides a holistic approach to the philosophical and religious traits of this movement via the concepts of non-being, being, and oneness. Thinkers and texts on the periphery of Xuanxue are also examined to show readers that Xuanxue did not arise in a vacuum but is the result of a long and continuous evolution of ideas from pre-Qin Daoism. The 25 chapters of this work survey the major philosophical figures and arguments of Xuanxue, a movement from the Wei-Jin dynastic period (220-420 CE) of early-medieval China. It also examines texts and figures from the late-Han dynasty whose influence on Xuanxue has yet to be made explicitly clear. In order to fully capture the multifaceted nature of this movement, the contributors brilliantly highlight its more socially-oriented characteristics. Overall, this volume presents an unrivaled picture of this exciting period. It details a portrait of intellectual and cultural vitality that rivals, if not surpasses, what was achieved during the Warring States period. Readers of the Yijing, Daodejing, and Zhuangzi will feel right at home with the themes and arguments presented herein, while students and those coming to Xuanxue for the first time will acquire a wealth of knowledge.

Modern China Dec 29 2019 This work is an up-to-date account of modern China, a country which even today remains one of the most enigmatic in the world. This volume provides over 300 A-Z dictionary-style entries on all aspects of 20th-century Chinese history and contemporary life. Events covered include: the last days of Imperial China, the aftermath of the Mao era, events in Tiananmen Square in 1989 and subsequent economic and political reforms.

A Companion to Modern Chinese Literature Jul 16 2021 This wide-ranging *Companion* provides a vital overview of modern Chinese literature in different geopolitical areas, from the 1840s to now. It reviews major accomplishments of Chinese literary scholarship published in Chinese and English and brings attention to previously neglected, important areas. Offers the most thorough and concise coverage of modern Chinese literature to date, drawing attention to previously neglected

areas such as late Qing, Sinophone, and ethnic minority literature Several chapters explore literature in relation to Sinophone geopolitics, regional culture, urban culture, visual culture, print media, and new media The introduction and two chapters furnish overviews of the institutional development of modern Chinese literature in Chinese and English scholarship since the mid-twentieth century Contributions from leading literary scholars in mainland China and Hong Kong add their voices to international scholarship

The China Collector's Pocket Companion Nov 27 2019

A Companion to Asian Art and Architecture Jan 10 2021 *A Companion to Asian Art and Architecture* presents a collection of 26 original essays from top scholars in the field that explore and critically examine various aspects of Asian art and architectural history. Brings together top international scholars of Asian art and architecture Represents the current state of the field while highlighting the wide range of scholarly approaches to Asian Art Features work on Korea and Southeast Asia, two regions often overlooked in a field that is often defined as India-China-Japan Explores the influences on Asian art of global and colonial interactions and of the diasporic communities in the US and UK Showcases a wide range of topics including imperial commissions, ancient tombs, gardens, monastic spaces, performances, and pilgrimages.

Dao Companion to Chinese Buddhist Philosophy Jun 14 2021 Too often Buddhism has been subjected to the Procrustean box of western thought, whereby it is stretched to fit fixed categories or had essential aspects lopped off to accommodate vastly different cultural norms and aims. After several generations of scholarly discussion in English-speaking communities, it is time to move to the next hermeneutical stage. Buddhist philosophy must be liberated from the confines of a quasi-religious stereotype and judged on its own merits. Hence this work will approach Chinese Buddhism as a philosophical tradition in its own right, not as an historical after-thought nor as an occasion for comparative discussions that assume the west alone sets the standards for or is the origin of philosophy and its methodologies. Viewed within their own context, Chinese Buddhist philosophers have much to contribute to a wide range of philosophical concerns, including metaphysics, epistemology, ethics, philosophy of language, philosophy of mind, and philosophy of religion, even though Western divisions of philosophy may not exhaust the rich contents of Chinese Buddhist philosophy. .

Dao Companion to ZHU Xi's Philosophy Oct 26 2019 Zhu Xi (1130-1200) has been commonly and justifiably recognized as the most influential philosopher of Neo-Confucianism, a revival of classical Confucianism in face of the challenges coming from Daoism and, more importantly, Buddhism. His place in the Confucian tradition is often and also very plausibly compared to that of Thomas Aquinas, slightly later, in the Christian tradition. This book presents the most comprehensive and updated study of this great philosopher. It situates Zhu Xi's philosophy in the historical context of not only Confucian philosophy but also Chinese philosophy as a whole. Topics covered within Zhu Xi's thought are metaphysics, epistemology, ethics, political philosophy, hermeneutics, philosophy of religion, moral psychology, and moral education. This text shows both how Zhu Xi responded to earlier thinkers and how his thoughts resonate in contemporary philosophy, particularly in the analytic tradition. This companion will appeal to students, researchers and educators in the field.

The Columbia Companion to Modern Chinese Literature Aug 24 2019 *The Columbia Companion to Modern Chinese Literature* features more than fifty short essays on specific writers and literary trends from the Qing period (1895–1911) to the present. The volume opens with thematic essays on the politics and ethics of writing literary history, the formation of the canon, the relationship between language and form, the role of literary institutions and communities, the effects of censorship, the representation of the Chinese diaspora, the rise and meaning of Sinophone literature, and the role of different media in the development of literature. Subsequent essays focus on authors, their works, and the schools with which they were aligned, featuring key names, titles, and terms in English and in Chinese characters. Woven throughout are pieces on late Qing fiction, popular entertainment fiction, martial arts fiction, experimental theater, post-Mao avant-garde

poetry, post-martial law fiction from Taiwan, contemporary genre fiction from China, and recent Internet literature. The volume includes essays on such authors as Liang Qichao, Lu Xun, Shen Congwen, Eileen Chang, Jin Yong, Mo Yan, Wang Anyi, Gao Xingjian, and Yan Lianke. Both a teaching tool and a go-to research companion, this volume is a one-of-a-kind resource for mastering modern literature in the Chinese-speaking world.

The Routledge Companion to Yan Lianke Sep 25 2019 Yan Lianke is one of the most important, prolific, and controversial writers in contemporary China. At the forefront of the “mythorealist” Chinese avant-garde and using absurdist humor and grotesque satire, Yan’s works have caught much critical attention not only in the Chinese mainland, Hong Kong, and Taiwan but also around the world. His critiques of modern China under both Mao-era socialism and contemporary capitalism draw on a deep knowledge of history, folklore, and spirituality. This companion presents a collection of critical essays by leading scholars of Yan Lianke from around the world, organized into some of the key themes of his work: Mythorealism; Absurdity and Spirituality; and History and Gender, as well as the challenges of translating his work into English and other languages. With an essay written by Yan Lianke himself, this is a vital and authoritative resource for students and scholars looking to understand Yan’s works from both his own perspective and those of leading critics.

A Companion to Yi Jing Numerology and Cosmology Sep 05 2020 This major new reference work is organised as a Chinese-English encyclopedia, arranged alphabetically according to the pinyin romanisation, with Chinese characters appended. A character index and an English index are included.

The Wiley-Blackwell Companion to Chinese Religions Apr 24 2022 Comprising the most up-to-date, interdisciplinary research on the study of Chinese religious beliefs and cultural practices, this volume explores the rich and complex religious and philosophical traditions that have developed and flourished in one of the world's oldest civilizations. Covers the main Chinese traditions of Confucianism, Taoism, and Buddhism as well as Christianity and Islam Features a unique organizational structure, with groups of readings focused on historical, traditions-based, and topical elements of Chinese religion Explores a number of contemporary religious topics, including gender, nature, asceticism, material culture, and gods and spirits Brings together a team of authors who are experts in their sub-fields, providing readers with the latest research in a rapidly growing discipline
