Fictional character Peter Kettring struggles to find or to make the world he imagines. Given the phenomenal fame and commercial success that the Beatles knew for the entire course of their familiar career, their music per se has received surprisingly little detailed attention. Not all of their cultural influence can be traced to long hair and flashy clothing; the Beatles had numerous fresh ideas about

melody, harmony, counterpoint, rhythm, form, colors, and textures. Or consider how much new ground was broken by their lyrics alone--both the themes and imagery of the Beatles' poetry are key parts of what made (and still makes) this group so important, so popular, and so imitated. This book is a comprehensive chronological study of every aspect of the Fab Four's musical life--including full examinations of composition, performance practice, recording, and historical context--during their transcendent late period (1966-1970). Rich, authoritative interpretations are interwoven through a documentary study of many thousands of audio, print, and other sources. When Hugh MacLeod was a struggling young copywriter, living in a YMCA, he started to doodle on the backs of business cards while sitting at a bar. Those cartoons eventually led to a popular blog - gapingvoid.com - and a reputation for pithy insight and humor, in both words and pictures. MacLeod has opinions on everything from marketing to the meaning of life, but one of his main subjects is creativity. How do new ideas emerge in a cynical, risk-averse world? Where does inspiration come from? What does it take to make a living as a creative person? Now his first book, *Ignore Everyone*, expands on his sharpest insights, wittiest cartoons, and most useful advice. A sample: *Selling out is harder than it looks. Diluting your product to make it more commercial will just make people like it less. *If your plan depends on you suddenly being "discovered" by some big shot, your plan will probably fail. Nobody suddenly discovers anything. Things are made slowly and in pain. *Don't try to stand out from the crowd;

avoid crowds altogether. There's no point trying to do the same thing as 250,000 other young hopefuls, waiting for a miracle. All existing business models are wrong. Find a new one. *The idea doesn't have to be big. It just has to be yours. The sovereignty you have over your work will inspire far more people than the actual content ever will. After learning MacLeod's 40 keys to creativity, you will be ready to unlock your own brilliance and unleash it on the world. "This book helps children see themselves and others as gifts, explores giving and receiving in love, and shows how the gift of self is made through the body"-- (Guitar Recorded Versions). Includes all 12 songs from the second album: Birthday * Cry Baby Cry * Everybody's Got Something to Hide Except Me and My Monkey * Good Night * Helter Skelter * Honey Pie * Long, Long, Long * Mother Nature's Son * Revolution 1 * Savoy Truffle * Sexy Sadie * Yer Blues. The autobiography of an American icon 'I never think that people die. They just go to department stores' Andy Warhol - American painter, filmmaker, publisher, actor and major figure in the Pop Art movement - was in many ways a reluctant celebrity. Here, in his autobiography, he spills his secrets and muses about love, sex, food, beauty, fame, work, money, success, New York and America and its place in the world. But it is his reflections on himself, his childhood in McKeesport, Pennsylvania, the explosion of his career in the Sixties and his life among celebrities - from working with Elizabeth Taylor to partying with the Rolling Stones - that give a true insight into the mind of one of the most iconic figures in twentieth-century culture. Andy Warhol (1928-1987), was an American painter,

filmmaker, publisher, actor, and a major figure in the Pop Art movement. He also produced a significant body of film work, including the famous Chelsea Girls; characterised the epoch with the now-famous expression 'fifteen minutes of fame'; produced the first album by The Velvet Underground; and was nearly killed just two days before the assassination of JFK. If you enjoyed The Philosophy of Andy Warhol, you might like 100 Artists' Manifestos, also available in Penguin Modern Classics. 'Acute. Accurate. Mr Warhol's usual amazing candor. A constant entertainment and enlightenment' Truman Capote (Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line. A work of unparalleled candor and splendid beauty, The Lyrics celebrates the creative life and the musical genius of Paul McCartney through 154 of his most meaningful songs. From his early Liverpool days, through the historic decade of The Beatles, to Wings and his long solo career, The Lyrics pairs the definitive texts of 154 Paul McCartney songs with first-person commentaries on his life and music. Spanning two alphabetically arranged volumes, these commentaries reveal how the songs came to be and the people who inspired them: his devoted parents, Mary and Jim; his songwriting partner, John Lennon; his "Golden Earth Girl," Linda Eastman; his wife, Nancy McCartney; and even Queen Elizabeth, among many others. Here are the origins of "Let It Be," "Lovely Rita," "Yesterday," and "Mull of Kintyre," as well as McCartney's literary influences, including Shakespeare, Lewis Carroll, and Alan Durband, his

high-school English teacher. With images from McCartney's personal archives—handwritten texts, paintings, and photographs, hundreds previously unseen—The Lyrics, spanning sixty-four years, becomes the definitive literary and visual record of one of the greatest songwriters of all time. "Why me?" We've all heard the question, now here's the answer! Everybody Has Something clearly illustrates to children that we are all different from each other. It features real kids with real issues spanning from cavities to cancer. It's about diversity and acceptance, from a child's perspective. This book is for everybody because Everybody Has Something. Enjoy! Twenty years ago David Sheff climbed the back steps of the Dakota into the personal thoughts and dreams of John Lennon and Yoko Ono. From the kitchen to the studio and up those fateful Dakota steps, Sheff recorded 20 hours of tape, discussing everything from childhood to the Beatles. Sheff gives a rare and last glimpse of John and Yoko, one that seemed to look beyond the kitchen table to the future of the world with startling premonitions of what was to come. A child learns that there are consequences for thoughtless behavior, from feeding popcorn to a bear at the zoo to dropping an empty can out of a car window. Musical. "Regardless of how much money you have, your race, where you live, what religion you follow, you are going through something. Or you already have or you will. As momma always said, "Everybody's got something." So begins beloved Good Morning America anchor Robin Roberts's new memoir in which she recounts the incredible journey that's been her life so far, and the lessons she's learned along the way.

With grace, heart, and humor, she writes about overcoming breast cancer only to learn five years later that she will need a bone marrow transplant to combat a rare blood disorder, the grief and heartbreak she suffered when her mother passed away, her triumphant return to GMA after her medical leave, and the tremendous support and love of her family and friends that saw her through her difficult times. Following her mother's advice to "make your mess your message," Robin taught a nation of viewers that while it is true that we've all got something -- a medical crisis to face, aging parents to care for, heartbreak in all its many forms --- we've also all got something to give: hope, encouragement, a life-saving transplant or a spirit-saving embrace. As Robin has learned, and what readers of her remarkable story will come to believe as well, it's all about faith, family and friends. And finding out that you are stronger, much stronger, than you think. Being different can be hard. This funny, spirited story--written by bestselling author of Get a Financial Life Beth Kobliner Shaw with her son Jacob, and illustrated by award-winning picture book artist Jules Feiffer--encourages young readers to embrace the thing that makes them unique... Jacob is in a hurry--a really big hurry--to get to the store to buy a special toy. There's only one left, and if he doesn't get to it soon, he'll never forgive his mom and dad for making him late. Strangers often stop Jacob's parents on the street to ask about him. See, Jacob is unusual: He has an eye patch. Jacob knows people like to ask questions, but do they have to ask right now? Luckily, Jacob gets to the store in

time, and he meets a new friend who has something different, too. In the end, Jacob's journey makes him more aware of other people's feelings. Jacob's Eye Patch is the go-to book for talking about differences that kids can enjoy and parents can turn to for guidance. Everyone has something different! What's your something? Share your child's story at JacobsEyePatch.com.

AN OMNIBUS EDITION OF JOHN LENNON'S WHIMSICAL POETRY, PROSE, AND DRAWINGS, REISSUED IN CELEBRATION OF THE 70TH ANNIVERSARY OF HIS BIRTH. Michael Strahan spent his childhood on a military base in Europe, where community meant everything, and life, though idyllic, was different. For one, when people referenced football they meant soccer. So when Michael's father suggested he work toward a college scholarship by playing football in Texas, where tens of thousands of people show up for a weekend game, the odds were long. Yet he did, indeed, land a scholarship and from there a draft into the NFL where he scaled the league's heights, broke records, and helped his team win the Super Bowl, as a result of which he was inducted into the Hall of Fame. How? By developing "Strahan's Rules" -- a mix of mental discipline, positive thinking, and a sense of play. He also used the Rules to forge a successful post pro-ball career as cohost with Kelly Ripa on Live! -- a position for which he was considered the longshot -- and much more. In *Wake Up Happy*, Michael shares personal stories about how he gets and stays motivated and how readers can do the same in their quest to attain their life goals.

Richard Russo's new novel takes place in the decaying American town of North Bath over the course of a very busy weekend, ten years after the events

of Nobody's Fool. Donald 'Sully' Sullivan is trying to ignore his cardiologist's estimate that he has only a year or two left. Ruth, his long-time lover, is still married to Zach and running Hattie's lunch counter, though she's increasingly distracted by her former son-in-law, fresh out of prison and intent on making trouble. Police chief Doug Raymer is obsessing over the identity of the man his wife might have been about to run off with before she died in a freak accident, while local wise guy Carl Roebuck might finally be running out of luck. Add a funeral, an escaped cobra, a collapsed building and a lot of beer to the equation and you have a novel which is a pure pleasure to read - genuinely funny, enormously heartfelt and imbued with the warmth and wisdom that are Richard Russo's stock in trade.

Bring on the Books for Everybody is an engaging assessment of the robust popular literary culture that has developed in the United States during the past two decades. Jim Collins describes how a once solitary and print-based experience has become an exuberantly social activity, enjoyed as much on the screen as on the page. Fueled by Oprah's Book Club, Miramax film adaptations, superstore bookshops, and new technologies such as the Kindle digital reader, literary fiction has been transformed into best-selling, high-concept entertainment. Collins highlights the infrastructural and cultural changes that have given rise to a flourishing reading public at a time when the future of the book has been called into question. Book reading, he claims, has not become obsolete; it has become integrated into popular visual media. Collins explores how digital technologies and the convergence of literary,

visual, and consumer cultures have changed what counts as a "literary experience" in phenomena ranging from lush film adaptations such as *The English Patient* and *Shakespeare in Love* to the customer communities at Amazon. Central to Collins's analysis and, he argues, to contemporary literary culture, is the notion that refined taste is now easily acquired; it is just a matter of knowing where to access it and whose advice to trust. Using recent novels, he shows that the redefined literary landscape has affected not just how books are being read, but also what sort of novels are being written for these passionate readers. Collins connects literary bestsellers from *The Jane Austen Book Club* and *Literacy and Longing in L.A.* to *Saturday* and *The Line of Beauty*, highlighting their depictions of fictional worlds filled with avid readers and their equations of reading with cultivated consumer taste. Examines the expression of civil unrest, mistrust of authorities, and other social conditions in rap music and interviews seminal figures in the field (*Guitar Recorded Versions*). Includes all 12 songs from the second album: *Birthday* * *Cry Baby Cry* * *Everybody's Got Something to Hide Except Me and My Monkey* * *Good Night* * *Helter Skelter* * *Honey Pie* * *Long, Long, Long* * *Mother Nature's Son* * *Revolution 1* * *Savoy Truffle* * *Sexy Sadie* * *Yer Blues*. From the simple chords of 'Love Me Do' to the sophisticated modulations of 'The Abbey Road Medley', The Beatles' artistic development can be traced through their unusual and innovative harmonies. Like its volume 1 predecessor, *BEATLESTUDY* volume 2: *Harmonic Analysis of Beatles Music* examines its subject in exhaustive detail. It is divided into three parts: The first is

a harmonic analysis of all 211 officially recorded and released Beatles songs from 1962-1970; the second part contains a spreadsheet and a concordance documenting each chord used in each song; the third draws statistical conclusions about how The Beatles use harmony. Secret Identity: The Fetish Art of Superman's Co-creator Joe Shuster showcases rare and recently discovered early erotic artwork by the most seminal artist in comics, period. Created in the late 1940s when Shuster was down on his luck after suing DC Comics over the copyright for Superman, he illustrated these images for an obscure series of magazines called "Nights of Terror," published under the counter until it was banned by the U.S. Senate. The discovery of this artwork reveals the "secret identity" of this revered comics creator, and is sure to generate controversy and change the perception of the way we look at Clark Kent, Lois Lane, Lana Lang, and Jimmy Olsen forever. The book includes reproductions of these images, and an introduction that provides a detailed account of the scandal and the court trial that resulted from the publication of this racy material. The bestselling author of The Best Exotic Marigold Hotel and Tulip Fever is back with a warm, witty and wise novel about the unexpected twists that later life can bring... 'Nobody in the world knows our secret ... that I've ruined Bev's life, and she's ruined mine.' Petra's love life is a bit of a car-crash, even in her sixties. But then she falls for Jeremy, an old chum, visiting from abroad. The catch? Jeremy is her best friend's husband. And just as Petra is beginning to relax guiltily into her happy ever after, she finds herself catapulted to West Africa,

and to Bev, her best friend who she's been betraying so spectacularly. It turns out that no matter where you are in the world, everyone has something to hide. Can Bev - can anyone - be trusted?

Python for Everybody is designed to introduce students to programming and software development through the lens of exploring data. You can think of the Python programming language as your tool to solve data problems that are beyond the capability of a spreadsheet. New York Times Wear Sunscreen, now a hit video on
YouTube.com, has been seen by millions of viewers.
It all began with a column titled "Advice, Like
Youth, Probably Just Wasted on the Young," written
by Mary Schmich and published in the Chicago Tribune
on June 1, 1997. Posted on the Web, Schmich's column
quickly became an international sensation. Friends e-

mailed it to friends, the media picked up on it, and a star was born. There was only one problem: Everyone thought the column was an actual commencement address given by author Kurt Vonnegut. Eventually, Mary Schmich was correctly identified as the author. AMP published her advice as a gift book in 1998. The following year, "Wear Sunscreen" became a hit song. stronger, than you think. In *Everybody Matters*, CEO Bob Chapman and bestselling author Raj Sisodia challenge traditional thinking about how to run a business and how to be an inspirational leader. Starting in 1997, Barry-Wehmiller CEO Bob Chapman has pioneered a dramatically different approach to leadership that creates off-the-charts morale, loyalty, creativity, and business performance. At Barry-Wehmiller, every single person matters, just like in a family. That's not a cliché on a mission statement; it's the bedrock of the company's success. In *Everybody Matters*, Chapman and co-author Raj Sisodia show how any organization can stop viewing its employees as simply functions, to be moved around, 'managed' with carrots and sticks, or discarded at will. By doing so, disengaged workers begin to share their gifts and talents toward a shared future. Uninspired workers stop feeling that their jobs have no meaning. And everyone stops counting the minutes until it's time to go home. *Everybody Matters* chronicles Chapman's journey to find his true calling and provides clear steps to transform your own workplace, whether you lead two people or two hundred thousand. 'If you're ready for a new way of doing business, this is the book for you' Daniel H. Pink, author of *To Sell Is Human* and *Drive* 'Bob Chapman is on a mission to change the way businesses treat their employees' *Inc.* magazine
