Georgia Mar 30 2020 NATIONAL BESTSELLER • In a dazzling work of historical fiction in the vein of Nancy Horan’s *Loving Frank*, Dawn Tripp brings to life Georgia O’Keeffe, her love affair with photographer Alfred Stieglitz, and her quest to become an independent artist. This is not a love story. If it were, we would have the same story. But he has his, and I have mine. In 1916, Georgia O’Keeffe is a young, unknown art teacher when she travels to New York to meet Stieglitz, the famed photographer and art dealer, who has discovered O’Keeffe’s work and exhibits it in his gallery. Their connection is instantaneous. O’Keeffe is quickly drawn into Stieglitz’s sophisticated world, becoming his mistress, protégé, and muse, as their attraction deepens into an intense and tempestuous relationship and his photographs of her, both clothed and nude, create a sensation. Yet as her own creative force develops, Georgia begins to push back against what critics and others are saying about her and her art. And soon she must make difficult choices to live a life she believes in. A breathtaking work of the imagination, *Georgia* is the story of a passionate young woman, her search for love and artistic freedom, the sacrifices she will face, and the bold vision that will make her a legend. Praise for *Georgia* “Complex and original . . . Georgia conveys O’Keeffe’s joys and disappointments, rendering both the woman and the artist with keenness and consideration.”—The New York Times Book Review “As magical and provocative as O’Keeffe’s lush paintings of flowers that upended the art world in the 1920s . . . Tripp inhabits Georgia’s psyche so deeply that the reader can practically feel the paintbrush in hand as she creates her abstract paintings and New Mexico landscapes. . . . Evocative from the first page to the last, Tripp’s *Georgia* is a romantic yet realistic exploration of the sacrifices one of the foremost artists of the twentieth century made for love.”—USA Today “Sexually charged . . . insightful . . . Dawn Tripp humanizes an artist who is seen in biographies as more icon than woman. Her sensuous novel is as finely rendered as an O’Keeffe painting.”—The Denver Post “A vivid work forged from the actual events of O’Keeffe’s life . . . [Tripp] imbues the novel with a protagonist who forces the reader to consider the breadth of O’Keeffe’s talent, business savvy, courage and wanderlust. . . . [She] is vividly alive as she grapples with success, fame, integrity, love and family.”—Salon

Art and the Crisis of Marriage Nov 18 2021 Between the two world wars, middle-class America experienced a “marriage crisis” that filled the pages of the popular press. Divorce rates were rising, birthrates falling, and women were entering the increasingly industrialized and urbanized workforce in larger numbers than ever before, while Victorian morals and manners began to break down in the wake of the first sexual revolution. Vivien Green Fryd argues that this crisis played a crucial role in the lives and works of two of America’s most familiar and beloved artists, Georgia O’Keeffe (1887-1986) and Edward Hopper (1882-1967). Combining biographical study of their marriages with formal and iconographical analysis of their works, Fryd shows how both artists expressed the pleasures and perils of their relationships in their paintings. Hopper’s many representations of Victorian homes in sunny, tranquil landscapes, for instance, take on new meanings when viewed in the context of the artist’s own tumultuous marriage with Jo and the widespread middle-class fears that the new urban, multidwelling homes would contribute to the breakdown of the family. Fryd also persuasively interprets the many paintings of skulls and crosses that O’Keeffe produced in New Mexico as embodying themes of death and rebirth in response to her husband Alfred Stieglitz’s long-term affair with Dorothy Norman. *Art and the Crisis of Marriage* provides both a penetrating reappraisal of the interconnections between Georgia O’Keeffe’s and Edward Hopper’s lives and works, as well as a vivid portrait of how new understandings of family, gender, and sexuality transformed American society between the wars in ways that continue to shape it today.

Georgia O’Keeffe Nov 30 2022 The first biography written with full cooperation of the O’Keeffe family examines the artist’s long and distinguished career, her personal relationships, and her significance in terms of American art and the women’s movement

Georgia O’Keeffe: a Life (new Edition) Jan 01 2023 Born on a wheat farm in Wisconsin in 1887, the second of seven children, Georgia O’Keeffe had her eyes wide open to the beauty of nature from the very beginning, and by her twenties had become a formidable artist, and a strikingly original and spirited young woman. Moving first to Chicago and then to New York to pursue her studies, her consciousness was enlarged by her discovery of the modernist movement, and by the work both produced and shown by the photographer and art dealer Alfred Stieglitz. Making her way in the world first as a commercial artist and then as an art teacher O’Keeffe developed her own original style. When Alfred Stieglitz discovered her work he was the first to exhibit it. Twenty-three years her senior, Stieglitz later fell in love with the artist as well as the work.

O'Keeffe moved to New York in 1918 and married Stieglitz in 1924. She found herself a muse as well as an artist, and entered a circle of America's most vibrant and boundary-pushing artists and became herself one of the most important and successful of them all. But O'Keeffe fell in love again this time with the bewitching landscapes of New Mexico,. She began spending half of each year there, and when Stieglitz died in 1949 she moved there for good, and lived there for the rest of her life, taking pleasure in the otherworldly beauty of the Ghost Ranch, north of Abiqui. Following O'Keeffe's early bud and sensational bloom, her loves, losses, agonies and ecstasies, and her painting against the dying of the light, Roxana Robinson's spellbinding and definitive biography has now been updated for the twenty-first century with a new foreword and access to never-before-seen letters. Written with the cooperation of the O'Keeffe family, and with access to sources closed to biographers during O'Keeffe's lifetime, It remains an unparalleled portrait of one of the most important female artists of all time.

Georgia O'Keeffe Jan 21 2022 Winner of the 2018 Dedalus Foundation Exhibition Catalogue Award This book explores how Georgia O'Keeffe lived her life steeped in modernism, bringing the same style she developed in her art to her dress, her homes, and her lifestyle. Richly illustrated with images of her art and views of the two homes she designed and furnished in New Mexico, the book also includes never before published photographs of O'Keeffe's clothes. The author has attributed some of the most exquisite of these garments to O'Keeffe, a skilled seamstress who understood fabric and design, and who has become an icon in today's fashion world as much for her personal style as for her art. As one of her friends stated, O'Keeffe "never allowed her life to be one thing and her painting another." This fresh and carefully researched study brings O'Keeffe's style to life, illuminating how this beloved American artist purposefully proclaimed her modernity in the way she dressed and posed for photographers, from Alfred Stieglitz to Bruce Weber. This beautiful book accompanies the first museum exhibition to bring together photographs, clothes, and art to explore O'Keeffe's unified modernist aesthetic. This book accompanies the show at the Peabody-Essex Museum, Georgia O'Keeffe: Art, Image, Style.

Georgia O'Keeffe Feb 28 2020 In 1905 Georgia travelled to Chicago to study painting at the Art Institute of Chicago. In 1907 she enrolled at the Art Students' League in New York City, where she studied with William Merritt Chase. During her time in New York she became familiar with the 291 Gallery owned by her future husband, photographer Alfred Stieglitz. In 1912, she and her sisters studied at university with Alon Bement, who employed a somewhat revolutionary method in art instruction originally conceived by Arthur Wesley Dow. In Bement's class, the students did not mechanically copy nature, but instead were taught the principles of design using geometric shapes. They worked at exercises that included dividing a square, working within a circle and placing a rectangle around a drawing, then organising the composition by rearranging, adding or eliminating elements. It sounded dull and to most students it was. But Georgia found that these studies gave art its structure and helped her understand the basics of abstraction. During the 1920s O'Keeffe also produced a huge number of landscapes and botanical studies during annual trips to Lake George. With Stieglitz's connections in the arts community of New York - from 1923 he organised an O'Keeffe exhibition annually - O'Keeffe's work received a great deal of attention and commanded high prices. She, however, resented the sexual connotations people attached to her paintings, especially during the 1920s when Freudian theories became a form of what today might be termed "pop psychology". The legacy she left behind is a unique vision that translates the complexity of nature into simple shapes for us to explore and make our own discoveries. She taught us there is poetry in nature and beauty in geometry. Georgia O'Keeffe's long lifetime of work shows us new ways to see the world, from her eyes to ours.

Georgia O'Keeffe, Photographer Jul 27 2022 A groundbreaking introduction to the photographic work of an iconic modern artist The pathbreaking artist Georgia O'Keeffe (1887-1986) is revered for her iconic paintings of flowers, skyscrapers, animal skulls, and Southwestern landscapes. Her photographic work, however, has not been explored in depth until now. After the death of her husband, the photographer Alfred Stieglitz, in 1946, photography indeed became an important part of O'Keeffe's artistic production. She trained alongside the photographer Todd Webb, revisiting subjects that she had painted years before--landforms of the Southwest, the black door in her courtyard, the road outside her window, and flowers. O'Keeffe's carefully composed photographs are not studies of detail or decisive moments; rather, they focus on the arrangement of forms. This is the first major investigation of O'Keeffe's photography and traces the artist's thirty-year exploration of the medium, including a complete catalogue of her photographic work. Essays by leading scholars address O'Keeffe's photographic approach and style and situate photography within the artist's overall practice. This richly illustrated volume significantly broadens our understanding of one of the most innovative artists of the twentieth century.

Georgia O'Keeffe Sep 24 2019 One of America's most innovative and most popular artists, Georgia O'Keeffe is rightfully celebrated as a pioneer who worked in her own style and on her own terms. Her very name calls to mind her striking imagery: magnified views of flowers, iconic vistas of the American West, and haunting bones floating against the sky. But emphasis on the stunning beauty of such paintings has obscured what was perhaps O'Keeffe's most significant contribution to art history: her unique approach to abstraction. This book, which accompanies a traveling exhibition organized by the Norton Museum of Art, examines for the first time this overlooked aspect of O'Keeffe's work, focusing specifically on her distinctive use of circular forms as an abstract motif.
