A School Custodian's Dilemma Sep 07 2020 Years ago, on a high school campus, built in the middle of a cornfield, a conversation transpired one day between two employees. After sharing a humorous moment, a suggestion was proposed by a secretary to record events occurring in the high school and middle school for nostalgic purposes. I thought it was an exceptional idea, but I decided to take it to the next level. I created a log book which provided the incentive for the manuscript. The wheels were set in motion. A multitude of drafts later, "A School Custodian's Dilemma" was born.

The Janitor's Boy Jan 12 2021 Ordinarily, no one would have imagined that Jack Rankin would vandalize a desk. But this was not an ordinary school year for Jack.... When Jack Rankin learns that he is going to spend the fifth grade in the old high school -- the building where his father works as a janitor -- he dreads the start of school. Jack manages to get through the first month without the kids catching on. Then comes the disastrous day when one of his classmates loses his lunch all over the floor. John the janitor is called in to clean up, and he does the unthinkable -- he turns to Jack with a big smile and says, "Hi, son." Jack performs an act of revenge and gets himself into a sticky situation. His punishment is to assist the janitor after school for three weeks. The work is tedious, not to mention humiliating. But there is one perk, janitors have access to keys, keys to secret places....

Exploring areas untouched by other investigators, she makes the unbelievable become acceptable and understandable! **Our Custodian Is A...Superhero!** Aug 19 2021 An elementary student explains to his father why he thinks the school custodian is an actual superhero. What follows is a keen observation of what custodians do around the school and how all of that can be seen as acts of heroism. See how a child can see things adults take for granted and turn them into a wonderful point of view we should all have towards the people who keep and maintain our schools. Hats off to the unsung heroes who make our schools better every day.

Planning Guide for Maintaining School Facilities Jan 30 2020 This title is no longer available in print. However, please visit the NCES website at <http://nces.ed.gov/pubsearch/pubsinfo.asp?pubid=2003347> to view an electronic version of the text. As America's school buildings age, we face the growing challenge of maintaining the nation's education facilities at a level that enables our teachers to meet the needs of the 21st century learners. This tool has been developed to help readers better understand why and how to develop, implement, and evaluate a facilities maintenance plan. It focuses on: maintenance as a vital task in the responsible management of an education organization, the needs of an education audience, strategies and procedures for planning, implementing, and evaluating maintenance programs, a process to be followed, rather than a canned set of "one size fits all" solutions, and recommendations based on "best practices", rather than mandates. The document offers recommendations on the following important issues, which serve as chapter headings: Introduction to School Facilities Maintenance Planning Planning for School Facilities Maintenance Facilities Audits (Knowing What You Have) Providing a Safe Environment for Learning Maintaining School Facilities and Grounds Effectively Managing Staff and Contractors Evaluating Facilities Maintenance Efforts

The Custodian at Work Apr 14 2021

Mr. C. & Me Oct 09 2020 What can a 1980s elementary school custodian teach us about life in a pandemic / post-pandemic world? A lot, actually... Growing up is a challenge! Especially for an effervescent, full of life, live for the moment curly-haired boy who wants to soak up everything life offers-but whose teachers have other priorities. Hi, I'm Chris Forman. Four decades later, the words above still describe me (minus the hair). I admit, I was a handful. Usually mischievous. Occasionally charming. And nearly always misunderstood. With dozens of adults working at my elementary school, only one understood me. Mr. Clifferd, the school custodian. I often visited his office (the boiler room). He always knew just what to say and how to lift me up. Mr. C.'s lessons shaped my life. Today, we find ourselves in a chaotic world. Social ills run rampant. Climate change threatens our survival. A global pandemic shook the world. And yet the quiet wisdom of a long-retired custodian echoes across the decades with profundity. His message remains more relevant today than ever before. Join me for a joyful journey through my childhood. You'll meet some mean teachers and a bunch of my crazy (and oddly named) classmates. Best of all, you'll meet the amazing Mr. C. and learn from this common man's uncommon wisdom. We'll share a few tears. And have lots of laughs. (Take it from a kid whose antics earned him a permanent home in the principal's office). I can't wait for you to meet Mr. C. You're going to love him. And he just might change your life, too.

The Custodian Chronicles Jun 28 2022 The custodian of a public school is the unseen fly on the wall, the inside observer, and the unexpected philosopher about all that goes on within our troubled school system. A lifetime of experience inside public school as both a student and a worker is compiled into this fascinating read that is half memoir and half social commentary-and wholly unique. Personal stories cover everything from demanding teachers, unreal messes, and daily frustrations of this overlooked occupation to higher-level musings on the American public school system itself. Lessons can be pulled from each moment-if one is willing to adopt a different perspective. Outside the neat pages of textbooks, a whole new way of looking at the world awaits. But every day, students and teachers continue their routines without seeing life's most interesting details or issues. They stop being fascinated by a fish's ability to breathe underwater, never wonder where the pounds of trash collected every day end up, and don't have time to truly learn due to limiting state mandates. For many students, the system is simply failing. This straight-shooting, humorous analysis doesn't shy away from asking hard questions or exposing day-to-day vexations. The stakes are high-the outcome involves our children's futures.

That's Our Custodian! Aug 07 2020 Introduces Earl Carroll, an elementary school custodian, describing what he does during the school day and how he interacts with other staff and students.
