Two abandoned souls are on the hunt for one powerful man. Soon, their paths will cross and lead to one twisted fate. Danny Hansen is a Bosnian immigrant who came to America with hopes of escaping haunted memories of a tragic war that took his other's life. Now he's a priest incensed by the powerful among us who manipulate the law for their own gain, uncaring of the shattered lives they leave behind. It is his duty to show them the error of their ways, even if he must put them in the grave. Renee Gilmore is the frail and helpless victim of one such powerful man. Having escaped his clutches, she now lives only to satisfy justice by destroying him, regardless of whom she must become in that pursuit. But when Danny and Renee's paths become inexorably entangled things go very, very badly and neither of them may make it out of this hunt alive. What happens when the legacy of a father collides with the dreams of his son? Widow Jeeto Gill has spent her life working hard and making sacrifices for her children. He's got big plans for his Daddy's business and a taste for Johnny Walker Black Label. However his kind-hearted wife Liz has her own ideas about what's best. Meanwhile Pal's sharp-tongued sister Cookie runs the tackiest beauty salon in town and harbours a dark secret. Within a relatively short time, urban anthropology has emerged as one of the most vital fields of anthropology. During its formative period, however, it has lacked intellectual coherence. Exploring the City is a bold first attempt to provide just such a coherent and unified theoretical understanding of urbanism. Hannerz draws upon the urban perspectives of other disciplines as well, such as history, sociology, and geography, to bring intellectual unity to the history and development of urban anthropology. "Protozoa may not be the first things that come to mind when you think of adaptation, evolution, food webs, succession, physiology, life strategies, and chemical susceptibility. These microorganisms, however, are a great tool to model these and other macro-concepts. Protozoa perform many of the same biological and ecological activities seen in their macroscopic

counterparts. And they are much easier to find and cultivate. This book's 28 hands-on activities will help teach organizing principles of biology and ecology, and make links to other disciplines."--Back cover. 'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved. With the role of local government becoming more important as Latin American countries moved away from state-led development models in the 1980s, and with social movements helping to bring about the transition to democracy, questions arose about whether and how popular participation at the local level might be able to contribute to the consolidation of democracy from the grassroots upward. This book, based on extensive research in low-income districts of Lima, provides a sophisticated analysis of the relationship between a resurgent civil society and democratization. Exploring the complex interactions among urban popular movements, local government, political parties, and nongovernmental organizations (NGOs), Sch&önw&älder shows that the democratic potential of these movements is genuine but that their influence has been limited. His balanced assessment credits their achievements while illuminating the sources of their failures, mainly a variety of institutional barriers and a persistent threat of manipulation and co-optation by stronger actors, especially political parties. His analysis helps us understand better why the left has so often failed to convert its considerable support at the

grassroots into political successes at higher levels. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Jinn Magick is simple to execute, and the results can be some of the best you will find in all occultism. Much has been written about The Fire Spirits, known as the Jinn (or Djinn), but books of practical Jinn Magick are rare. Hardly any exist, and those that do are often a disappointment. This book reveals a practical method for calling on the Jinn and receiving a response. There are forty-two rituals, and the magick can help with influence and passion or destruction and transformation. The rituals deal with reputation and the souring of love. Some rituals affect competition, uncover flaws, weaken others, improve your discipline or make somebody else burn out. Where you feel stuck, you can find release, and there are ways to create more abundance or make somebody else lose what they have. Rituals can create obsessive thoughts in others and make people see the best in you or the worst in another. They can help you seduce or cause somebody to be sexually disgusted by another person. Financial magick works to increase what you have and can make people appreciate your work or make others lose what money they have. There's great potential if you use your imagination. The magick can be subtle and delicate or life-changing and devastating, according to your wish. Most of the rituals can be modified and are directed at clear, practical results. The Jinn are neither angels or demons, but fire spirits, and they execute your magickal wishes with immense power. The magick may only work half the time, but when it does, it works with alarming intensity. The book is expensive, but that's because there's decades of research in here and these secrets should not be given to those who don't value them. Pay a fair price, do the work well, and you will get what you want. Customizing is hot. Everything can be customized: from pimped cars to retro furniture. This major trend is especially popular in footwear. Customizing your own shoes is a way of stepping out of the crowd, of showing your personality. Just about every sneaker brand has found a way to put street art into their products; rain boots have never been more hip; and there are even customize festivals and exhibitions. By inviting 150 artists and illustrators to show/create customized shoes the book will appeal not only to sneaker freaks, fashion fetishists, and trend watchers, but also to the graphic design and art audience. The main focus is on the artwork but the text examines the trend and asks: How did it start? What materials do the artists use? There are also tips and tricks on how to create your very own unique shoes. A New York Times and USA Today Bestseller, Book 3 in the

acclaimed Fixed Trilogy. Alayna Withers relationship with Hudson Pierce has tested both her and his ability to trust. They decide that the only way they can move forward together is with open doors and transparency. It won't be easy for the scarred lovers, but they're committed to each other more now than ever. Alayna, in particular, has grown through their trials, and has emerged more confident and faithful to the man she loves. But while the pair is focused on the future, their past shows up again to threaten their fragile bond. Promises that were made are broken, and Alayna learns that Hudson still has very potent secrets--secrets that will tear them both apart. As much as she feels for him, her ability to forgive and forget is tested beyond her limits. Even though she found the only man who could fix her, a forever with Hudson seems more and more out of reach.

A concise introduction to Turkish grammar, designed specifically for English-speaking students and professionals. Describes the Pink Gang, an Indian women's grassroots vigilante group, 20,000-members strong, who fight for women's rights throughout the country and highlights the stories of the women they have helped and the tactics they used. 10,000 first printing. A moving story of the former Empress of Iran -- now in paperback. At the age of twenty-one, Farah Diba married the Shah of Iran, Mohammed Reza Shah Pahlavi. A loving marriage, the raising of four children, and a devotion to social and cultural causes marked her early years as queen, although there were already signs of grave national diversions on the horizon. Twenty years later the dream had turned into a nightmare: demonstrations and riots shook the country, and Farah and the Shah decided to leave in order to avoid bloodshed. With the hardcover publication of *An Enduring Love*, a New York Times bestseller (extended list) in 2004, Farah Diba, wife of the last emperor of Iran, broke her silence and told the wrenching story of her love for a man and his country. Her compelling memoir offers an intimate view of a time of upheaval, but stands above all as a powerful human document from one whose life was caught up in an epic and tragic national struggle. A partisan but fascinating 1923 account of Grace Ellison's visit to Angora (Ankara), the new capital of the Turkish Republic. Jail has its good sides, too (like you never eat alone). These are the cook's highly philosophical views, though in his job he has lost his touch lately he only sets off riots twice a year. So help yourselves to a new serving of Arkas. It contains the Lifer's epic struggle with his woes. No need to ask who's winning... An epic narrative history that compares and contrasts the fortunes of all the countries that make up South Asia. If British India had not been partitioned in 1947, its population would

today be the world's largest. At c1.5 billion, *Midnight's Descendants* (the offspring of those affected by the midnight hour Partition) already outnumber Europeans and Chinese; and they are growing faster than either. They comprise all the peoples of what is now called South Asia (the preferred term for the partitioned subcontinent of modern India, Pakistan and Bangladesh, plus Nepal and Sri Lanka). *Midnight's Descendants* is the first history of the region as a whole. Correlating and contrasting the fortunes of all the constituent nations over the last six decades affords unique insights into what is hailed as one of the world's most dynamic regions. John Keay is an expert on the region and the book will be the first account to incorporate the rich story of South Asia's transnational, or diasporic, peoples from the overlooked narratives of the subcontinent to the rise of India as a global force, *Midnight's Descendants* will be expansive and tumultuous in the great tradition of India's narrative epics." A beautiful and compelling novel, Elif Shafak's *The Gaze* considers the damage which can be inflicted by our simple desire to look at others "I didn't say anything. I didn't return his smiles. I looked at him in the wide mirror in front of where I was sitting. He grew uncomfortable and avoided my eyes. I hate those who think fat people are stupid." An obese woman and her lover, a dwarf, are sick of being stared at wherever they go, and so decide to reverse roles. The man goes out wearing make up and the woman draws a moustache on her face. But while the woman wants to hide away from the world, the man meets the stares from passers-by head on, compiling his 'Dictionary of Gazes' to explore the boundaries between appearance and reality. Intertwined with the story of a bizarre freak-show organised in Istanbul in the 1880s, *The Gaze* considers the damage which can be inflicted by our simple desire to look at others. "Beautifully evoked" - *The Times* "Original and Compelling" - *TLS* "Plays with ideas of beauty and ugliness like they're Rubik's cubes" - Helen Oyeyemi "Entertaining and affecting" - *Publishers' Weekly* Elif Shafak is the acclaimed author of *The Bastard of Istanbul* and *The Forty Rules of Love* and is the most widely read female novelist in Turkey. Her work has been translated into more than thirty languages. She is a contributor for *The Telegraph*, *Guardian* and the *New York Times* and her TED talk on the politics of fiction has received 500 000 viewers since July 2010. She is married with two children and divides her time between Istanbul and London. The Book that has been awaited for 54 years is now finally published. The spiritual communiques, issued from the Plan of Sublime Duty and named 'Onder [Pioneer]' in 1959, were compiled by Bedri Ruhselman. Since then they have been preserved in the safes of

notaries and banks. Now that their time has arrived after 54 years, they have now been published. The book in your hands is the faithfully translated version of the original Turkish text. In *The Divine Order and The Universe* you will find: * The unending rain of knowledge starting from spirit and matter... * The true comprehension of love; the advance from love towards the essence... * Discovering existential freedom and planetary awakening... * The implications of global warming, floods and earthquakes... * The lessons we learn from natural events... * Spiritual preparation through predicted facts about inevitable natural events... How can the examination of action groups, such as the one discussed in this book, help to initiate a discussion of environmental conflicts as societal conflicts? In this work, which is an ethnographic study of a protest born in Istanbul during the late 1990s, the author suggests that the peculiarities of a protest-group should be viewed as social, political and cultural rather than issue-specific. The book offers a close ethnographic examination of the protest, studying it as a product of the particular character of Turkish public life. It illustrates the particular character of the protest itself as a product of the identities evolving, the activities taking place and the community that these have created amidst the struggle. It is a contribution to the anthropology of collective action and brings together recent studies of the anthropology of social movements, environmentalism and urban settings, with wider literature on social movements, civil society and urban studies and anthropological and sociological studies on Turkey.

It's Aya's wedding day. Her third. Her current two husbands aren't too fussed. In a society in which there are few women, that's just what happens. But as the household prepares for the wedding feast, a stranger arrives – one who threatens to challenge everything they believe in. Against a backdrop of modern rural India, Sharmila Chauhan weaves an extraordinary tale of love and wonder. From the preparation of luxury food and the sacrifice of the lamb to the dressing of the bride and the dance to end all dances, this will be an exuberant, joyful and challenging piece of theatre. 'In parts of India, polyandry has become a necessity. Gendercide, as a consequence of the ancient preference for boys, the modern desire for smaller families and the increasing availability of ultrasound techniques to detect the gender of a baby still in the womb means that the number of females is declining. I wrote *The Husbands* both as a response to this but also as an exploration of the complexity of love, intimacy and trust between one woman and three men where gender differences and expectations are amplified. In a sense this play is as much a warning as an allegory for the fate of women in *The West*

today.' - Sharmila Chauhan While on a seaside field trip, the little boy Aram and Airi find themselves in the middle of a blackout at a public bath. Frazzled to no end, Airi drags Aram inside a closet, but someone walks in on them. Will Aram's secret be blown so soon? Meanwhile, Aram's former fiancée Mariabel shows up at school. What evil schemes does she have in store for Aram and Airi? -- VIZ Media Sally Howard, a self-confessed child of the Western Sexual Revolution, sets out on a sexploration through modern India by train, plane and auto-rickshaw. From the heat of anti-rape protest on the streets of New Delhi to the cool hills of Shimla, playground of the Raj; from a Gujurati retirement home for gay men and eunuchs to a busy sex clinic in Chennai; from patriarchs to matriarchs; GIGs (Good Indian Girls), BIGs (Bad Indian Girls) and the fleshpots of Bombay, she accompanied by feisty Delhi girl Dimple lifts the bed sheets on India's sexual revolution. And it's a revolution that's full of fascinating surprises and contrasts; for India the land that gave us that exuberant guide to sexual pleasure, the Kama Sutra is also the land where women remain cloistered in purdah while teenage girls check out porn online; where families bow down to a conjoined phallus and vagina, the Shivaling, while couples fear to hold hands in public; and where the loveless arranged marriage is still the norm. Colourful, compelling, confounding, The Kama Sutra Diaries reveal what India has to tell us about modern-day love, sex and sexuality. Self-help for the newly turned vampire. Fiction of course. Istanbul en de geschiedenis van Turkije als onderwerp en steeds gen?spireerd door een paar schoenen. Nina Raine's Tiger Country is a hospital play that follows a tangle of doctors and nurses in a busy London hospital - from the award-winning author of Tribes.

Professionalism and prejudice, turbulent staff romances, ambition and failure collide in this swirling, action-packed drama about an overburdened health service that we all depend on and the dedicated individuals that keep it going. 'Tiger country' is where animal instinct stirs and an irrefutable eye opens.

Where we make eye contact with the unknown. Tiger Country was premiered at Hampstead Theatre in 2011 and, following its sell-out run, was revived there in 2014. In this book Robert Brulle draws on a broad range of empirical and theoretical research to investigate the effectiveness of U.S. environmental groups. Brulle shows how Critical Theory--in particular the work of Jürgen Habermas--can expand our understanding of the social causes of environmental degradation and the political actions necessary to deal with it. He then develops both a pragmatic and a moral argument for broad-based democratization of society as a prerequisite to the achievement of ecological sustainability. From the perspectives of frame analysis, resource mobilization, and historical sociology, using data on more than one hundred environmental groups, Brulle examines the core beliefs, structures, funding, and political practices of a wide variety of environmental organizations. He identifies the social processes that foster the development of a democratic environmental movement and those that hinder it. He concludes with suggestions for how environmental groups can make their organizational practices more democratic and politically effective. Geiger's business is extracting information.
