Jo's Book Journey Hunt down the weapon pieces, destroy the night goddess, protect Midgard (Earth). That was always the mission . . . When

an unexpected sacrifice turns Allie's world on its head, she discovers her true function within the Asgardian world. Her new purpose has much higher stakes-and significantly bigger dangers-than she ever could have imagined. And as the Goddess of Night unleashes an unparalleled wave of fury across the realms, Allie's dream of a peaceful future with her favorite protector all but disappears. Nott's determined to control Midgard. But Allie has more to fight for than ever before, and she's determined to end the Night War . . . no matter what it costs her. A war has been brewing between the different colored Lantern Corps—the Green fighting the Yellow, the Red trying to destroy all, the Blue attempting to broker peace among the tribes. However, the real battle is yet to come: the undead Black Lanterns are coming and seemingly nothing can stop them. Putting aside old vendettas, it's up to Hal Jordan and the Green Lantern Corps to lead DC's greatest champions as well as their deadliest foes in a

battle to save the universe from an army of the dead. Collects Blackest Night #0-8. Brielle Atwater isn't sure of much, but she knows a few things: 1. Having black wings is not normal. 2. Selling her soul to the demons was a mistake. 3. Lincoln Grey is the biggest jerk she's ever met ... but not falling in love with him might prove impossible. When angels fell from the sky to war with the demons that ravaged Earth, their combined powers infected humanity. Now, the humans are assigned one of two fates, being either demon gifted or angel blessed. After wings sprout from Brielle's back at her awakening ceremony, she's sure she's an angel blessed celestial. It's not until she sees black wings that she realizes something is terribly wrong. Having sold her contract at a young age to save her father's life means she should be bound for Tainted Academy. That is, until a fallen angel unexpectedly fights for her to be accepted into Fallen Academy, the elite school for those that inhabit Angel City. She's

immediately matched with her impossibly handsome celestial teacher, Lincoln Grey. Laying eyes on him, her first thought is that her time at the academy might actually be fun, but this theory quickly fades when she and Lincoln clash on day one. To further prove her admission into Fallen Academy is cursed, the entire school is thrown into chaos when an Abrus demon reveals that he knows Brielle's secret. Now, above all else, Lincoln must fight to protect her. To his surprise, the only thing more difficult than trying to save her ... is trying not to fall for her. The last Sage is dying. After a titanic battle fought among the frozen waves of the north, the War of Sages has come to an end. But as the heroes of the Valley have discovered, the centuries-long conflict between immortals was little more than a prelude. In the wake of Queen Elanil's folly, the World Apart has come in force, bringing with it the fury of a dark and vengeful god. The horizon is a ruin. Oceans burn. Last Lake shimmers and shivers under an assault the

likes of which the Emberfolk have never seen before. While the peoples of the world attempt to weather the war that was foretold, Kole, Linn and the heroes of the Valley limp toward the broken lands of the south in the company of the man the Emberfolk have long held up as their greatest enemy. The last Sage is dying. And with him, the last hope for the world. Love. Honor. Protect. As an Environmental Studies major, Allie knows the planet is in trouble—a series of natural disasters recently rocked the northern hemisphere, and species across the globe are going extinct. What Allie doesn't know is that her world's decline is a result of an ancient battle called the Night War—the Norse goddess Nott's crusade to control the weakest of the light realms. And Allie most definitely doesn't know that her existence is the only thing stopping Nott from dragging the earth into total darkness. When four gorgeous guys show up claiming to be Allie's Asgardian protectors, she thinks they're delusional. And when they order her to

hunt down the pieces of an immortal weapon, she's convinced they're insane. But when Allie's attacked, the guys' crazy stories of demigods and dark elves begin coming together. And Allie's not sure what scares her more—losing her life to the Goddess of Night . . . or losing her heart to one of her protectors. Let the hunt begin. Walking the streets of Moscow, indistinguishable from the rest of its population, are The Others. Their aim is maintenance of the precarious balance between good and evil. TUR: The Elsker Saga, Book 0.5 -- A Sweet Paranormal Romance Novella from The Elsker Saga. Inga Andersson is the envy of every girl in Asgard. On the surface she has it all -- great friends, a job as Odin's personal fight choreographer, and a happy ever after with her realm's hottest assassin. But when evil invades Asgard, her perfect world comes crashing down.

Someone is planning to kill off the gods, and Inga's best friend Ull is first on their list. With the Norse apocalypse a nanosecond away, Inga has to decide how she'll spend her final moments of freedom. Because from the moment this battle begins, Inga's happily ever after will be nothing more than a memory. Some things are worth fighting for. TUR is an Elsker Saga novella. It is approximately 10,000 words long. Rumor Mora fears two things: hellhounds too strong for him to kill, and failure. Jude Welton has two dreams: for humans to stop killing monsters, and for his strange abilities to vanish. But in no reality should a boy raised to love monsters fall for a boy raised to kill them. Nyx Llorca keeps two secrets: the moon speaks to her, and she's in love with her best friend, Dahlia. Braeden Tennant wants two things: to get out from his mother's shadow, and to unlearn his colony's darkest secret. To save everyone they love, they'll both have to commit treason. During one twenty-seven-hour night, these four runaways

must stop the war between the colonies and the monsters from becoming a war of extinction, or the things they fear most will be all that's left. Follows Allies of the night. It is 1810 and Major Paul van Daan and the 110th prepare to meet the French on the ridge of Bussaco in Portugal. Back on the battlefield only two weeks after his scandalous marriage to the young widow of Captain Robert Carlyon, Paul is ready for the challenge of the invading French army. But after a successful battle, Lord Wellington has another posting for his most unorthodox officer and Paul and Anne find themselves back in Lisbon dealing with a whole new set of challenges with army supplies, new recruits and a young officer who seems to represent everything Paul despises in the army's views on discipline and punishment. Anne is getting used to life as the wife of a newly promoted regimental colonel as two other women join the regiment under very different circumstances. And an old adversary appears in the shape of Captain Vincent Longford whose

resentment at serving under Paul is as strong as ever. It's a relief to return to the field but Paul finds himself serving under the worst General in the army in a situation which could endanger his career, his regiment and his life. Given a brief by Wellington which requires Paul to use tact and diplomacy as well as his formidable fighting skills, it's hardly surprising that the army is holding its breath waiting for Wellington's newest and most explosive colonel to fail spectacularly. "What to read after A Court of Thorns and Roses! Full of twists you'll never see coming!" -UppercaseYA I've never been a stranger to the darkness. But when darkness comes knocking and looks that good, who wouldn't invite him in? Draven is mysterious, evasive, and hot as sin. The only thing more infuriating than his silence is how obnoxious he is every time he does open his mouth. But when a group of strangers attacks me and he fights back—causing them to vanish into a cloud of black dust—I know Draven is more than he

seems. Now I know the truth. There's a veil separating the world I know from a world of demons living all around us. Turns out, good and evil are just words. Some of the demons don't fall into either category. And I'm realizing just how easily I fit in among the ancient warlocks, the divine soldiers, and the twisted supernaturals... There's so much more to me and my past that I don't know—let alone what I am truly capable of. So when all signs point to me having the ability to unleash Hell on earth? I'll have to decide if I want to do the world a solid and save it...or give it one hell of a makeover. The Ember of Night series is best enjoyed in order. Schwab 'A ripping read' Joe Abercrombie Bill Carter, executive producer of CNN's docuseries The Story of Late Night and host of the Behind the Desk: Story of Late Night podcast, details the chaotic transition of The Tonight Show from host Jay Leno to Conan O'Brien—and back again. In 2010, NBC's CEO Jeff Zucker, had it all worked out when he moved Jay Leno from behind the desk at The Tonight Show, and handed the reins over to Conan O'Brien. But his decision was a spectacular failure. Ratings plummeted, affiliates were enraged—and when Zucker tried to put everything back the way it was, that plan backfired as well. No one is more uniquely suited to document the story of a late-night travesty than veteran media reporter and bestselling author, Bill Carter. In candid detail, he charts the vortex that sucked in not just Leno and O'Brien—but also Letterman, Stewart, Fallon, Kimmel, and Ferguson—as frantic agents

and network executives tried to manage a tectonic shift in television's most beloved institution. Allie Rydell left her life behind to protect the world from the Goddess of Night. But after weeks of training, hunting, and learning to use the life-giving power that inexplicably chose her, saving Midgard seems more impossible than ever. Nott's followers have eyes across the realms, and they're determined to collect the bounty on Allie's soul. And the closer Allie and her protectors get to the pieces of the immortal weapon that could save them all, the more destruction Nott manages to unleash—not only on the world Allie loves, but on the friends she'd give her life to save. Darkness is coming. And this time, it won't leave any survivors. Werewolves, facing the threat of extinction, desperately seek their mates to bear young. Yet the Terran leaders don't realize that these military robots have already exterminated their own makers - and may soon turn on humanity. Once the rulers of an expanding empire, humans have become the galaxy's most endangered species.

But the sudden appearance of incredible new beings will destroy all balances of power. Now for humans and the myriad alien factions in the universe, the real war is about to begin...and genocide may be the result. USA Today Bestseller An Amazon Best of the Month Selection "Electrically fun...turns the usual fairytale class dynamics upside down...this is a book that encourages trust in people's goodness, if not their patience or good sense. It's light on the romance, but prodigiously good for the heart." —The New York Times In New York Times bestselling author G.A. Aiken's gripping new fantasy romance series, the Blacksmith Queen must confront armies and pretenders desperate to take her new-won crown. But with the Princess Knight at her side and a centaur warrior clan at her back, she'll risk everything for victory . . . LONG LIVE THE QUEEN Gemma Smythe dedicated her life to the glory of battle. With her fellow War Monks, she worshipped the war gods, rained destruction on her enemies,

and raised the dead when the fancy took her. Until her sister Keeley became the prophesied Blacksmith Queen, and Gemma broke faith with her order to journey to the Amichai Mountain and fight by Keeley's side. The Amichai warriors are an unruly, never-to-be-tamed lot, especially their leader-in-waiting, Quinn. But when the War Monks declare support for Gemma's ruthless younger sister Beatrix, the immaturity of her key ally is the least of Gemma's problems. She has to get to the grand masters, dispel their grudge against her, and persuade them to fight for Keeley and justice. If her conviction can't sway them, perhaps Quinn's irritating, irreverent, clearly unhinged, ferocity will win the day . . . Praise for *The Blacksmith Queen* "It may be laugh-out-loud funny, but at its heart this is a story of a woman who cares deeply for both the family she has and the one she creates."
